*Proceedings of the Madras Government, Public Works Department,
7th June 1867.*

No. 159. Read the following Memorandum from the Chief Secretary to Government, in the Judicial Department:—

(Here enter 22nd May 1867, No. 148.)

From the Civil and Session Judge of Coimbatore, to the Chief Secretary to Government, Fort Saint George, dated Coimbatore, 10th May 1867, No. 7.

1. I have the honour to forward, for the sanction of Government, an estimate for Rupees 570, for constructing a wall in the compound in front of the Court-house.

2. The part of the compound in question which faces the public road is entirely defenceless, and quite open to the ravages of stray cattle and to strangers, and I consider the proposed wall and gates quite essential for the safety of the compound and the Court-house.

3. At present there are two old crumbling gate posts of brick, which present a very unseemly appearance.

4. I therefore beg that the early sanction of the Government may be accorded, as it seems to me desirable that the work should be carried out before the re-opening of this Court which is adjourned for the annual recess.

No. 160.

ORDER THEREON, 7th June 1867, No. 1,711.

CIVIL WORKS, No. 23.

The estimate submitted with this letter, for the construction of a compound wall in front of the Civil and Session Court-house at Coimbatore at a cost of Rupees 570, will be forwarded to the Superintending Engineer of the 7th Division, who will report, in communication with the Civil Judge, whether a more inexpensive fence, such as a hodge and ditch, will not be sufficient for all purposes.

This seems to me to be a pure waste of public money. Court houses should be as open to the public as possible and this more Mr. Cook is seen at his work by persons straggling in when Court room the better. The High Court down here is no more shut out from the public.
