*Proceedings of the Madras Government, Public Works Department,
8th June 1867.*

No. 173. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Camp, Coonoor, 31st May 1867, No. 48 :—

1 Estimate, No. 9 of 1867-68, Rupees 1,000. I have the honour to submit, for the sanction of Government, and provision of funds from the Reserve under the

head "Agricultural," the accompanying estimate of Rupees 1,100 for twenty-five additional sluices in certain channels of Dharapooram talook. It has been found, since completion of the 114 sluices sanctioned in G. O. No. 2,118 of 22nd July 1865, that they have so effectually answered their purpose in economizing water, as to retain an ample supply for nine months of the year, where formerly there never used to be any water for more than four months. The additional sluices, therefore, are proposed to utilize the surplus supply, otherwise going waste, in bringing more land under cultivation at the lower end of the channel.

No. 174. ORDER THEREON, 8th June 1867, No. 1,718.

IRRIGATION, No. 8.

1. His Excellency the Governor in Council sanctions the estimate of Rupees 1,100 for the provision of

twenty-five additional sluices in three of the channels in the Dharapooram talook of the Coimbatore District.

2. The works may be at once undertaken, and funds will be hereafter allotted to adjust the outlay that may be incurred under these orders.
