*Proceedings of the Madras Government, Public Works Department,
8th June 1867.*

No. 189. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 1st June 1867, No. 1,105 :—

1. I beg to bring to the notice of Government that in Order No. 1,494, of the 17th May 1867, paragraph 6, the following transfers of Budget credits are approved :—

District.	Item.	Amount.	District.	Item.	Amount.
<i>From</i> North Arcot.		rs.	<i>To</i> Madras		rs.
	156	2,700		152	
	159	10,089			
		12,789			12,789

2. The work, No. 152, to which these transfers are credited is the Madras Water Works Project, for which a sum of two lacs is allotted in the Budget, subsequently increased to three lacs by the Supreme Government, and sanctioned in G. O. No. 650, dated 4th March 1867.

3. I consider that this transfer of funds should be credited to some other work, as it can scarcely be the wish of Government to increase the allotment for the Madras Water Works Project beyond the amount previously sanctioned, and Colonel Boileau in proposing this transfer seems to have lost sight of the extra lac, as it is not shown in the amount of proposed expenditure.

4. The only agricultural work of importance not provided for, and entered in the list of new works above 2,500 Rupees in amount, proposed for execution from the Reserve, is the masonry anicut across the Cortelliar river near the village of Vulloor, Madras District, estimate Rupees 36,000, sanctioned in G. O. No. 92 of the 11th January 1867, and I recommend that Rupees 12,789 be appropriated for this work.

No. 190. ORDER THEREON, 8th June 1867, No. 1,726.

ACCOUNT, No. 10.

The working season being already well advanced, the Government do not think that there is time to undertake the construction of the anicut referred to in paragraph 4 during the current year. The estimate for that work will accordingly be entered in the Budget of 1868-69, and the Government will hereafter arrange for the transfer to other irrigation projects of the sum of Rupees 12,789 mentioned in paragraph 1.

The work N^o 152 to which
these transfers are credited is the Madras
Water

water Works project, for which a sum of 2 lacs is allotted in the Budget, subsequently increased to three lacs by the Supreme Government, and sanctioned in G. O. No. 656 dated 4th March 1867.

3 I consider that this transfer of funds should be credited to some other work, as it can scarcely be the wish of Government to increase the allotment for the Madras Water Works project beyond the amount previously sanctioned, and Colonel Poileau in passing this transfer seems to have lost sight of the extra lac, as it is not shown in the amount of proposed expenditure.

4 The only Agricultural work of importance not provided for and entered in the list of new Works above 2500 Rupees in amount, proposed for execution from the Reserve, is the Masonry Arched across the Cottetiar River near the village of Vulloor Madras District, Estimate Rupees 36,000, sanctioned in G. O. No. 92 of the 11th January 1867,

and

and I recommend that Rupees 12,59,64 appropriated for this work.
