CIVIL WORKS, No. 27.

Communicated to the Superintending Engineer of the 7th Division.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 7th Division.

~~and Controller of Public Works Accounts, on the part of Government of Rupees 1405-0-0,~~
or Rupees 1405 for convenience.

5. In my correspondence with the Committee I pointed out the excess of expenditure, and they are prepared to pay one-half thereof, or Rupees 702-8-0. This will put the Anglo-Vernacular School on the footing of other grant-in-aid schools, which contribute in each case half the cost of building.

No. 6. Read the following letter from the Director of Public Instruction, to the Chief Secretary to Government, Fort Saint George; dated Madras, 25th April 1867, No. 822.

I have the honor to bring to notice that the Committee of the Anglo-Vernacular School, Coimbatore, apply for a building grant of Rupees 2902-8-0 towards the enlargement and improvement of the school premises. The plan and estimates, with the correspondence as shown in the margin, which has passed between the Committee and myself, are sent herewith for information.

Letter from R. Stanes, Esq., dated 16th December 1866.

From R. Stanes, Esq., dated 5th March 1867.

From do. dated 20th March 1867.
To do. No. 654, dated 30th March 1867.
From do. dated 10th April 1867.

2. The original school-house cost Rupees 1925-6-0, the Committee paying Rupees 1425-6-0, and the Government Rupees 500.

3. In 1857 the Government at their own expense built two additional rooms, which cost Rupees 2330. The cost then stood as follows:—Private sources Rupees 1425-6-0, Government Rupees 2830.

4. It subsequently turned out that the two rooms built at Government expense were faultily constructed. The Government thereupon* authorized their repair, which cost Rupees 674-14-3. The full expense to Government thus was Rupees 3504-14-3, while the Committee's still stood at Rupees 1425-6-0. But in considering an application for a further grant, I think it proper that the sum of Rupees 674-14-3, which it is to be remembered was required solely to remedy "serious defects in construction," should be cast out of the calculation. The figures would then stand as before, viz., at Rupees 1425-6-0 and Rupees 2830, showing an excess on the side of Government of Rupees 1404-10-0, or Rupees 1405 for convenience.

5. In my correspondence with the Committee I pointed out the excess of expenditure, and they are prepared to pay one-half thereof, or Rupees 702-8-0. This will put the Anglo-Vernacular School on the footing of other grant-in-aid schools, which contribute in each case half the cost of building.

6. The full sum now required by the Committee is Rupees 7210, and of this

they contribute one-half. They, in addition, refund Rupees 702-8-0, being one-half the sum formerly expended, in excess, by Government. The statement in the margin shows at one view the expenditure eventually to be borne respectively by Government and the Committee.

7. I should state that the Committee are making strenuous endeavours to raise the standard of the school, and that with this view they have secured the services of a Bachelor of Arts, of the Madras

University. Taking these circumstances into consideration, I beg to recommend that the grant applied for viz. Rupees 2002-8-0 be sanctioned.

No. 7. ORDER THEREON, OLD JUNE 1867, 1867, 1867.

Under the circumstances represented in the foregoing letter, the Governor in Council sanctions a grant of Rupees (2902-8-0) two thousand nine hundred and two, and Annas eight, in aid of the enlargement of the School-house belonging to the Anglo-Vernacular School at Coimbatore.

2. The Government are glad to learn that the Committee are exerting themselves to raise the standard of the School, and that with this view they have engaged the services of a Head Master possessing higher attainments than those hitherto employed by them. It is very desirable that the principal School for the education of Natives in the important District of Coimbatore should be thoroughly efficient.
