Proceedings of the Madras Government, Public Works Department,

11th June 1867.

No. 236. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 3rd ~~May~~ ^{April} 1867, No. 1,100 :—

1. I have the honour to enclose nineteen estimates, particularized below, and amounting in the aggregate to Rupees 2,290, for building pavements round the Military wells in the Mount Range, Madras District, for the prevention of the disease known as "Guinea Worm." These were prepared at the request of the Officer Commanding the Centre Division, and sanctioned by him under Clause II., paragraph 12, Chapter 24 of the new Code. His Excellency the Commander-in-Chief, through the Quarter Master General's Department, had previously issued

No. 87, dated 17th October 1866.

Communicated in G. O. dated 22nd November 1866, No. 3,729.

Circular Orders for the construction of these pavements, with reference to the instructions of the Supreme Government as per margin :—

2. As these estimates amount to Rupees 2,290, I have no funds wherewith to carry them out, as the Budget grant for "Minor New Works," under the head "Military," for Madras, is only 700 Rupees. The repair allotment for Military buildings, Saint Thomas' Mount, is Rupees 12,650, but the expenditure last year was much beyond this sum. As I cannot suggest any transfer from another head, Government may be in a position to sanction the estimates from the Reserve.

No. 237. ORDER THEREON, 11th June 1867, No. 1,747.

MILITARY WORKS, No. 18.
