Secretary to Government.

Proceedings of the Madras Government, Revenue Department,
14th January 1867.

No. 207. Read the following Proceedings of the Board of Revenue, dated 12th December 1866, No. 8,806 :—

Read the following Proceedings of the Madras Government, dated 9th October 1866, No. 2,722, Revenue Department.

ABSTRACT.—Communicating an Order of Public Works Department, on the subject of making an addition of ten per cent. to every fresh grant sanctioned from Local Funds from May last, for the assistance rendered by the Imperial Public Works Establishment.

The Board consider that instead of providing ten per cent. for the Public Works supervision each time a work is sanctioned for execution by the Engineer Department, the proper and more preferable course will be to debit, once for all, to the District Road and other Funds in the Collector's accounts for the last month of the official year, and credit to the Public Works Department ten per cent. on the *actual expenditure* by that department during the year, with reference to the Progress Reports of expenditure received from the Executive Engineers. This will obviate the necessity of re-crediting to the Local Funds the excess which may be originally debited to them on mere estimated expenditure. If the Government approve this plan, the necessary instructions will be issued to the Collectors.

No. 208. ORDER THEREON, 14th January 1867, No. 105.

Local Funds, No. 3.
Account.

The plan proposed by the Board of Revenue, though simple, will interfere with the orders issued by the Government of India on the subject; and cannot therefore be at once introduced.
