No. 294. Read the following letter from the Superintending Engineer, 7th Division, to the Secretary to Government, Department Public Works, dated Coonoor, 7th June 1867, No. 53 :—

2. The timber appears to have been collected for bridge work below the Agoomy ghaut, so far back as 1856 and 1857, after which a general stoppage of public works took place all over the country ; and when the work for which it was provided was carried out in 1861 to 1863, not one-tenth of the quantity appears to have been used, presumably, because by that time unfit, and when I ordered the sale of the remainder, a loss to the amount abovementioned was incurred.
