*Proceedings of the Madras Government, Public Works Department,
13th June 1867.*

No. 305. Read the following letter from the Acting Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 10th June 1867, No. 687 :—

1. I have the honour to forward, for the orders of Government, the accompanying letters from the Executive Engineer, Bangalore, dated 3rd and 5th instant, Nos. 275 and 285.
- 1 Letter from Executive Engineer, Bangalore, dated 3rd June 1867, No. 275.
- 1 Do. do. dated 5th do., No. 284, with an Abstract for May 1867.
- 1 Contingent Bill for April 1867, with three vouchers.

2. Upon the report of the Superintending Engineer, 5th Division, in his letter No. 31, dated 11th May last, paragraph 3, recorded in Proceedings of Government, No. 1,546, dated 22nd idem, that the Conservancy Establishment had been transferred on the 1st April to the Bangalore Municipality, the pay of that establishment has been disallowed, as no longer debitable to the Public Works Department; but from the circumstances stated by Lieutenant Pennycuik, it would seem that the charge must necessarily continue to be passed by this Office until the establishment is finally handed over to the Municipality. I also request the orders of Government as to whether the Contingent charge of that establishment is to be passed regularly every month, as a special case, from savings.

From the Executive Engineer, Bangalore, to the Controller of Public Works Accounts, dated Bangalore, 3rd June 1867, No. 275.

1. In reply to your No. 240, of 31st ultimo, I have the honour to observe that although by O.G. Nos. 3, 13 of 2nd October 1866 and 1,546 of 22nd May 1867, it was decided that the charge of the main drain at this station should be handed over to the Municipality from the 1st of April last, yet, owing to circumstances which will probably be brought to the notice of Government by the Superintending Engineer, they have as yet declined to take charge of the drain, which consequently remains in the hands of this Department.

2. Under this explanation, I trust you will consider yourself justified in passing the charge of one Rupee for oil, &c., for April and future months, until the drain is handed over to the Municipality, as the expenditure is *bona fide* necessary.

3. The words "for adjustment" have been added in red ink at the head of the bill, as desired in paragraph 1 of your Memorandum under reply.

Memorandum from the Executive Engineer, Bangalore, to the Controller of Public Works Accounts, dated Bangalore, 5th June 1867, No. 284.

Has the honour to return abstract for the Conservancy Establishment at this station, returned unaudited with the Deputy Controller's Memorandum No. 41 of 3rd instant, and to request that it may be passed under the explanation given in this Office No. 275, of 3rd instant, which was probably received in the Controller's Office after despatch of the Memorandum under reply.

No. 306. ORDER THEREON, 13th June 1867, No. 1,781.

ACCOUNT, No. 22.

The Superintending Engineer of the 5th Division will explain how it is that the works connected with the main sewer at Bangalore have not yet been transferred to the charge of the Municipality. Pending the issue of final orders on this matter the Controller of Public Works Accounts is authorized to pass the monthly charges referred to in his letter above recorded.
