*Proceedings of the Madras Government, Public Works Department,
17th June 1867.*

No. 367. Read the following Endorsement of the Inspector General of Ordnance and Magazines, dated 20th May 1867, No. 29:—

Read the following letter from the Superintendent of Stationery, to the Chief Secretary to Government, dated Fort Saint George, 13th May 1867, No. 143.

1. I have the honour to acknowledge the receipt of the Order of Government, No. 381, dated 11th April 1867, Public Department, and in reply to inform you that I have no suggestions to offer in respect to the examination of the Stationery Stores arriving from England.

2. The cases of Stationery on being landed, are, if found in a damaged state, submitted for examination to the Committee which is appointed to examine damaged stores received for the Ordnance Department; after being reported on, they are received into the Stationery Office, and there they are carefully unpacked, and all particulars connected with the damage done noted in the packing accounts.

3. If landed undamaged, they are carefully unpacked, and all the contents at once noted.

4. It very seldom happens that Stationery received from England is found deficient.

5. I do not see the necessity of having the cases, with their contents, weighed both before and after they are unpacked; if this has to be done, a small increase to the establishment will be necessary for the special purpose.

Forwarded.

(Signed) G. W. Y. SIMPSON, Colonel,
Inspector General of Ordnance and Magazines.

Transferred to the Public Works Department, with reference to the Proceedings in that Department, dated the 3rd April 1867, No. 1,040.
