*Proceedings of the Madras Government, Public Works Department,
20th June 1867.*

No. 453. Read the following Endorsement of the Consulting Engineer for Irrigation and Canal Company, dated Madras, 12th June 1867, No. 30:—

Read the following letter from the Agent and Manager, of the Madras Irrigation and Canal Company, to the Consulting Engineer for Irrigation and Canal Company, dated Madras, 10th June 1867, No. 114.

1. Some months since Mr. Smart brought forward a project for converting the railway embankment on the North-West Line into a tank bund, and I had some conversation with that gentleman upon the subject, when he was good enough to point out the sites he contemplated, and to explain his project to me.

2. I understand the Government have had the matter under their consideration, and have passed an order thereon. If there is no objection on the part of the Government to my being furnished with copies of the Proceedings, I should esteem it a favour if you would procure them for me.

1. Submitted for the consideration of Government.

2. The order to which the Agent refers was not communicated to this Office.

Sir,

Some months since Mr. Swarth brought forward a project for converting the Railway Embankment on the N.W. Line into a Tank Pond, and I had some conversation with that gentleman upon the subject when he was good enough to point out the sites he contemplated, and to explain his project to me.

I understood the Government have had the matter under their consideration, and have passed an Order thereon. If there is no objection on the part of the Government to my being furnished with Copies of the Proceedings I should esteem it a favour if you would procure them for me.
