*Proceedings of the Madras Government, Public Works Department,
4th January 1867.*

No. 41. Read the following letter from the Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 14th December 1866, No. 3,697 :—

1. I have the honor to submit, for sanction, a plan and an estimate for constructing a Store-shed on the bund of Chembrambaukum tank, amounting to Rupees 600, which have been approved of by the Acting Collector of Madras,
- 1 Plan.
1 Estimate.
1 Specification.

and to recommend that funds may be granted from any source at the disposal of Government.

2. In a tank of so great importance, some work is almost always progressing, and it would be a great convenience if Government will allow a shed to be constructed for tools, &c., here, as the villages are far off.

No. 42. ORDER THEREON, 4th January 1867, No. 18.

CIVIL WORKS, No. 12.

The Government decline to sanction so large an outlay as Rupees 600 on the erection of a Store-shed on the bund of the Chembrambaukum tank. A smaller building than that proposed, constructed of inexpensive materials, should answer every purpose. A verandah to such a building seems totally unnecessary.
