*Proceedings of the Madras Government, Public Works Department,
26th June 1867.*

No. 559. Read the following Endorsement of the Consulting Engineer for Railways, dated Madras, 17th June 1867, No. 181 :—

Read the following letter from the Deputy Consulting Engineer for Railways, to the Consulting Engineer for Railways, dated Madras, 10th June 1867, No. 7.

1. I have the honour to report that in May 1867 I inspected the North-West Line as far as Cuddapah, the Bangalore Branch, and the South-West Line of the Madras Railway. The road and works are in good order.

2. Near the Cuddapah Station I observed that a great number of iron pots were lying on the banks ; as they might be placed on the line by malicious persons, it would be well to have them removed.

3. The ladies' waiting-room at Perambore appeared on the morning of the 28th to have been occupied the previous night by a man, as his clothes were lying about the room when the morning trains started.

4. In the Arcot Station ground a hut made of mats has been erected, apparently for use as a latrine, it is unsightly and unnecessary, and should be destroyed.

5. The floor of the ladies' bath-room at Tripatore requires slight alteration, as water lodges in different parts of it and keeps the room damp.

6. The new refreshment-room and ladies' waiting-room at Coimbatore are finished, and add much to the comfort of travellers.

1. Submitted for the information of Government.

2. The slight irregularities which have come to the notice of Major Prendergast have been pointed out to the Agent and Manager.

(Signed) J. C. ANDERSON, Lieut.-Colonel, R. E.,
Consulting Engineer for Railways.

No. 560. ORDER THEREON, 26th June 1867, No. 1,907.

RAILWAY, No. 40.

Ordered to be recorded.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.
