<u>7-8</u> Dated <u>1-7-1867</u>	

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department
1st July 1867.

No. 7. Read the following letter from the Acting Superintending Engineer, 6th Division, to the Secretary to Government, Department Public Works, dated Tanjore, 17th June 1867, No. 439:—

I have the honour to submit, for the sanction of Government, the accompanying estimate, amounting to Rupees 1,180, for additional temporary buildings now under progress on the site of the new Central Jail at Trichinopoly. The estimate provides for a cook-room, privy, and godown for the Jailer, who is an European with a family. A cook-room and privy for the Dresser, and for providing the convict barracks with pandalls. The item for pandalls forms the heaviest, it amounts to Rupees 950, and it appears to me to have been from oversight omitted in the original estimate of Rupees 7,850, sanctioned for the temporary buildings. The walls of the temporary barracks are stated to be about 12 feet high, and the whole exposed to the full violence of the wind and rain. The Executive Engineer reports that there are already several men in hospital, and the Medical authorities are apprehensive of much sickness from the dampness of the interior of the barracks caused by the absence of pandalls during the late heavy rains.

No. 8. ORDER THEREON, 1st July 1867, No. 1,942.

CIVIL WORKS, No. 2.

The Government sanction the estimate of Rupees 1,180 submitted with this letter for additional temporary buildings which are under construction on the site of the new Central Jail at Trichinopoly.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

Enclosed I have the honor to submit for
the sanction of Government the accompanying Estimate amounting to £1180,
for additional temporary buildings now
under progress on the site of the new
Central Jail at Frichinokola.
The Estimate provides for a Cook
room, Privy & food room for the Jailor
who is an European with a family - A
Cook room & Privy for the Overseer,
& for providing the Convict Barracks
with Pandalls - The item for Pan-
dalls forms the heaviest, it amounts
to £950, & it appears to me to have
been from oversight omitted in the
original Estimate of £7850 sanctioned
for the temporary buildings -
The walls of the temporary Barracks
are stated to be about 12 feet high

and the whole exposed to the full
violence of the wind & rain. The
Executive Engineer reports that there
are already several men in Hospital,
& the Medical Authorities are ap-
prehensive of much sickness from
the dampness of the interior of the
Barracks caused by the absence
of Paudulla during the late heavy rain.

I have the honor to be
