G.O. No. 1960. Press ~~Mis.~~

42-43.

Dated 2 - 7 - 1867.

Not to be folded or roughly handled

No. 42. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 19th June 1867, No. 1,395 :—

2 Plans.
1 Estimate.
1 Specification.

1. I have the honour to submit, for the sanction of Government, two plans and an estimate, amounting to Rupees 2,830, for putting up ridge ventilators, windows, and fender posts in the Arrack Depôt attached to the Commissary General's Office at the Presidency.

2. The estimate, which includes white-washing and repairs, was prepared in consequence of the receipt of a letter from the Deputy Commissary General on the 24th November 1866, in which that Officer forwarded copy of one from Captain Heysham, Commissariat Store-keeper General, bringing to notice that, since the construction of the Porter godowns sanctioned by Government, the light and ventilation of the Arrack Depôt had become defective. Captain Heysham pointed out that the Depôt was so dark that great leakage might take place without its being observed, and therefore considered it absolutely necessary that certain alterations, which he suggested with a view to remedying the defects complained of, should be carried out. That Officer also requested that the whole building might at the same time be plastered and white-washed, and that the pillars might be protected by wooden fenders from the damages inflicted by rolling casks.

G. O. No. 1,919, dated 20th June 1866.
" " 65, " 9th January 1867.

3. The work appearing urgent, and the Commissary General approving, the Executive Engineer was ordered to put it in hand at once by the Superintending Engineer.

4. The expenditure in the past official year amounted to Rupees 1,039, and a sum of Rupees 1,721 has been allotted for this year in G. O. No. 1,494, dated 17th May 1867, from the Reserve. A balance of Rupees 70 remains still to be allotted, which I trust may be provided also from the Reserve.

No. 43. ORDER THEREON, 2nd July 1867, No. 1,960.

MILITARY WORKS, No. 6.

Under the explanation afforded, His Excellency the Governor in Council sanctions the estimate of Rupees 2,830 for the improvements which are under execution to the Arrack Depot attached to the Commissary General's Office at Madras, and directs that the additional grant of Rupees 70 which is applied for in paragraph 4 be placed at the disposal of the Superintending Engineer of the 4th Division from the Reserve under " Military."
