No. 345. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Periacolum, 17th June 1867, No. 666:—

1. I have the honour to submit, for sanction, a plan and estimate of Rupees 1,080, for repairs and improvements to the Sea Custom's Office at Paumben, as called for by the Collector of Madura, the amount being in excess of one-fourth of the value of the building.

1 Abstract Estimate.
1 Trace Plan.

2. The Sub-Magistrate's Cutcherry, the Sea Custom's Office, the Subsidiary Jail, and Police Station-house are situated in one block, surrounded by a compound wall.

3. It is proposed to remove the present Cutcherry room, a long thatched building, which interferes with the light and ventilation of the adjacent ward of the Subsidiary Jail, and to substitute a tiled roof for the present thatch over the southern rooms, which will be used for the Sub-Magistrate's Cutcherry, and as the Custom's godowns. New window frames with iron bars are provided, and iron barred door-ways for the lock-up rooms; sundry repairs are required to the tiled roofs, and partial plastering, &c., which bring up the total of the estimate to Rupees 1,320, but a deduction of Rupees 240 is made, as the value of convict labour to be supplied from the Jail, leaving Rupees 1,080 as the amount for which sanction is asked.

4. I can provide the money from the Budget allotment, Part III, Civil Buildings, "Minor Repairs to Revenue, &c., buildings," Rupees 3,300.

Referred to the Revenue Department.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

22nd June 1867.

No. 346. ORDER THEREON, 25th June 1867, No. 1,408.

Miscellaneous.

Referred to the Board of Revenue, as the plan is not countersigned by the Collector, and the provision for admitting light and air to the Sub-Magistrate's Cutcherry appears to be very inadequate.
