*Proceedings of the Madras Government, Public Works Department,
3rd July 1867.*

No. 86. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 24th June 1867, No. 1,493 :—

1. I have the honour to forward,
for the approval of Government, three
plans and estimates for

3 Plans.	
3 Estimates.	
Constructing a Female Hospital attached to the Garri- son Hospital for the Artillery at Saint Thomas'	RS.
Mount	28,000
In building out-offices to do.	560
For building Apothecary's quarters and out-offices attached to the Garrison Hospital at do. do. ...	3,730

2. The former estimate is entered in the current Budget as a portion of item No. 8 in Part II, the two other works, viz., improvements to Garrison iron railing, and dry earth latrine, having been separately sanctioned in G. O. No. 50, dated 7th January 1867.

3. In the Budget, the Female Hospital is shown in connection with the extension of the compound of the Garrison Hospital, as it was originally proposed to place the building in the same compound, but a Committee, composed of the Major General Commanding, the Sanitary Commissioner, and Superintending Engineer, have fixed on a more suitable site adjoining the Hospital, but on the opposite side of the road. This ground is private property, and I have addressed the Collector to know what sum as compensation will have to be paid for it, and as soon as I have ascertained the amount I shall again address Government.

4. The site and plans for these buildings have been approved by the local Military authorities and His Excellency the Commander-in-Chief. The Female Hospital is an upper-storied building, with arcaded verandahs. It is roomy, and meets the requirements laid down in the Circular of the Government of India, No. 19 of the 5th March 1866, regarding the principles of construction of Hospitals, communicated in Order of this Government, No. 1,126 of the 12th April 1866. An original set of plans were prepared and submitted for the opinion of the Sanitary Commissioner, and on his recommendation, suggesting numerous alterations and additions, they were completely revised, which has led to delay in laying them before Government. Apothecary's quarters are provided for, as they are said to be absolutely necessary, in order to locate a Medical subordinate in the neighbourhood of the General Hospital, ground being available and chosen for the purpose at the back of the building.

5. I beg that early sanction may be accorded, in order that the works may be pushed on with. I would propose to lay out the Budget allotment of Rupees 10,000 in erecting the Female Hospital, in place of lowering the compound wall and substituting an iron railing round the General Hospital, as funds are not provided for both works.

Proceedings of the Madras Government, Public Works Department.

3rd July 1867.

No. 87.

ORDER THEREON, 3rd July 1867, No. 1,979.

MILITARY WORKS, No. 11.

1. In compliance with the instructions contained in the Orders of the 20th June 1866, No. 1,921, the Acting Super-

intending Engineer of the 4th Division submits plans and estimates for the construction of the undermentioned buildings at Saint Thomas' Mount:—

A Female Hospital for the Artillery	Rupees 28,000
Out-offices to do.	560
Quarters for an Apothecary with out-offices, &c., to do.	3,730

2. The plans which have been prepared in communication with the Military authorities and the Sanitary Commissioner, are approved of by His Excellency the Commander-in-Chief, and the Government resolve, in supersession of their Orders of the 7th January 1867, No. 59, to sanction the estimates, and to direct the commencement of the Hospital from the sum of Rupees 10,000 allotted for item 8 in the current year's Budget.

3. As there are no funds available for the other two works, their execution must be deferred.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division.
.. Controller of Public Works Accounts.
.. Accountant General.
.. Military Department.

N. 1493. Supg. Engineer's Office & Div
Madras 24 June 1867.

From

Lieut. Colonel J. Beard R.E.
As Supg. Engineer & Division

To

Colonel C. A. Orr R.E.
Secretary to Government P.W.D.

Sir,

I have the honor to forward
for the approval of Government, 3 plans
and estimates for,

Enclosures
3 Plans
3 Estimates

Constructing a Female Hospi-
tal attached to the Garrison
Hospital for the Artillery at
St. Thomas' Mount — Rs. 28,000

In building out-offices to do — 560.
In building up the carp's quar-
ters and out-offices attached
to the Garrison Hospital at
do do — 3,730.

2 The former estimate is entered
in the Current Budget as a portion of
Item C. 1. 8. in Part II, the two other works,
namely, Improvements to Garrison
Iron Railing, and Dry Earth Latrine,
having been separately sanctioned in
G.O. No. 50 dated 7 January 1867.

In

3 In the Budget, the Female Hospital is shown in connection with the extension of the Compound of the Garrison Hospital, as it was originally proposed to place the building in the same Compound, but a Committee, composed of the Major General Commanding, the Sanitary Commissioner, and Superintending Engineer, have fixed on a more suitable site adjoining the Hospital, but on the opposite side of the road. This ground is private property, and I have addressed the Collector to know what sum as compensation will have to be paid for it, and as soon as I have ascertained the amount, I shall again address Government.

4 The site and plans for these buildings have been approved by the local Military authorities, and His Excellency the Commander-in-Chief. The Female Hospital is an upper storied building with arcaded verandahs. It is roomy and meets the requirements laid down in the

Circular

Circular of the Government of India No. 19 of the 5th March 1866 regarding the principles of construction of Hospitals, communicated in Order of this Government, No. 1126 of the 12th April 1866. An original set of plans were prepared and submitted for the opinion of the Sanitary Commissioner and on his recommendation suggesting numerous alterations and additions, they were completely revised, which has led to delay in laying them before Government. As the Govt's San. Rules are provided for, as they are said to be absolutely necessary, in order to locate a Medical Subordinate in the neighbourhood of the General Hospital, ground being available and chosen for the purpose at the back of the Building.

5 They that early sanction may be accorded, in order that the works may be pushed on with. I would propose to lay out the budget allotment of Rs 10,000 in erecting the Female Hospital, in place of

in lowering the Compound Wall and
substituting an Iron Railing round
the General Hospital, as funds are
not provided for both works.
