Proceedings of the Madras Government, Public Works Department;

4th July 1867.

No. 102. Read the following Memorandum from the Quarter Master General, to the Secretary to Government, Military Department, dated Head Quarters, Ootacamund, 21st June 1867, No. 587/4,252 :—

The Commander-in-Chief has the honour to submit the within letter, with his request that Government may be pleased to authorize the Lightning Conductors applied for being provided to the Barracks and Married Quarters at Ramandroog; and that the Department Public Works may be instructed to prepare plans and estimates for the work.

(By Order,)

(Signed) C. COOKE, Colonel,

Quarter Master General.

From the Officer Commanding Ramandroog, to the Assistant Adjutant General, Ceded Districts, dated Ramandroog, 13th June 1867, No. 537.

In consequence of the melancholy accident of last evening, caused by the lightning striking the Barracks at this station, and killing one man, and hurting two seriously and two slightly, I have the honour to suggest that a Lightning Conductor should be placed at each end of the Barracks, and also at each end of the Married Quarters, as thunder-storms are frequent and generally severe. I am informed that a few years ago one of the Married Quarters was struck by the electric fluid. Should my suggestion meet with the approval of the Officer Commanding Ceded Districts, I have the honour to request that it may be submitted to the consideration of Government.
