MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 2050	Press -Mis.-
127-28	
Dated 8. 7	1867.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
5th July 1867.*

No. 127. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Camp at Gooty, 26th June 1867, No. 864 :—

1. In the Budget for the current year a sum of Rupees 7,710* is sanctioned for restoring the Gunganapully Mallapah tank, the original estimate was prepared in 1856, but money not being allotted, was revised in 1862, and sanctioned in G. O. No. 2,522 of 23rd October 1862.

2. In consequence of the great rise in rates, both for labour and materials, during the last five years, it is found that the sanctioned estimate is quite inadequate, and I therefore have the honour to submit for sanction a revised estimate, amounting to Rupees 11,080, or about forty-four per cent. in excess.

3. The return, even then, is expected to realize about nine per cent.

No. 128. ORDER THEREON, 5th July 1867, No. 2,000.

IRRIGATION, No. 9.

The Government sanction the revised estimate of Rupees 11,080 for the restoration of the Gunganapully Mallapah tank in the Cuddapah District, and they will be prepared, if necessary, to supplement the Budget allotment for that work by transfers from other Agricultural assignments.

(True Extract.)

To
The Secretary to Government
Public Works Department

Sir,

In the Budget for the current year
a sum of Rupees 770 is sanctioned for restoring
the Banganapally Mallapah Tank. The original
estimate was prepared in 1856, but money
not being allotted, was revised in 1862 and
sanctioned in G. O. No. 2522 of 23rd October 1862.

2. — In consequence of the great rise in
rates, both for labor and materials, during the last
five years, it is found that the sanctioned estimate
is quite inadequate, and I therefore have the honor
to submit for sanction a revised estimate amount-
ing to Rupees 11,080, or about 44 Per Cent in excess.

3. — The return, even then, is expected to
realize about 75 Per Cent.

I have the honor to be

A. W. S. Major R.
Superintending Engineer
3rd Division

11th June 1867

From
The Superintending Engineer
Bellary District
To
The Superintending Engineer
3rd Division

Dated 20th June 1867.

W. S. M.

Received

Estimate for the restoration
of the Banganapally Tank.
The sum in the estimate
being amounting to Rs. 11,080.
