Proceedings of the Madras Government, Public Works Department
8th July 1867.

No. 188. Read the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 3rd July 1867, No. 195:—

1. With reference to G. O. No. 1,950, dated 1st July 1867, I have the honour to state that I conferred with the Agent and Manager, Madras Railway, on the propriety of opening a communication direct from the station of Coimbatore to the Travellers' Bungalow, and that he is adverse to it. I also examined the locality during a recent inspection of the line, and am of opinion that there are great objections to the proposed measure.

2. There is already a path across the station premises for the convenience of the villagers of Poothanoor; the Railway authorities were obliged to provide this communication, but it is a serious inconvenience to them, and necessitates the keeping up of an extra watching establishment to relieve their goods waggons from the danger of depredations. The proposed road to the Travellers' Bungalow would pass close to the Stores, and of course it would add to the difficulty of guarding the Railway property. Moreover, the ground will sooner or later be occupied by additional buildings. I cannot myself see that the circuit which travellers have now to make in passing from the Railway Station to the bungalow would be a serious inconvenience to them.

ORDER THEREON, 8th July 1867, No. 2,031.

No. 189.

RAILWAY, No. 12.

Communicated to the Revenue Department, with reference to the Orders in that Department of the 25th ultimo, No. 1,410.

(True Extract.)
