*Proceedings of the Madras Government, Public Works Department, 8th July 1867.*

No. 202. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Salem, 27th June 1867, No. 57:—

1. At the desire of the Major General Commanding the Division, the Executive Engineer of Bangalore has brought to my notice the necessity for the immediate erection of two out of the four Harness-rooms with Workshops for Artillery on the Race Course, the estimate for which, amounting to Rupees 26,000, was sanctioned in G. O. No. 3,646 of the 16th November 1866.

2. The accommodation required for each Batterry includes one Harness-room without Workshop, one Guard-room, and two Harness-rooms with Workshops. Estimates for the first two (for both Batteries) were sanctioned in G. O. No. 2,280, dated 19th July 1866, and funds for their completion have been granted in this year's Budget, but no money has been provided for the last. It is considered important that the accommodation for one Battery should be completed first and as soon as possible.

| Deduct amount transferred to the Sick Stables for Artillery in G. O. 1,494, dated 17th May 1867..... | 7,613 |
| Balance | 35,425 |

3. The reduced allotment* for the year for the two male Pavilions of the Race Course Hospital is Rupees 35,425, and by adding to this amount Rupees 19,000 that were advanced last year by the Executive Engineer on Government Promissory notes and other securities to the Contractor, and debited to the work in that year's accounts, and which will be now recovered, the sum available for expenditure will be increased to Rupees 54,425. But, owing to the great dilatoriness of the Contractor, very little has been done to the buildings since 1st April; and the Executive Engineer reports his inability to expend more than Rupees 40,000 during the year, and so there is likely to be a balance of Rupees 14,425 at the end of the year.

4. I have, therefore, the honour to request that the sanction of the Supreme Government may be obtained for the transfer of Rupees 13,000 from the said balance to the Harness-rooms, alluded to in paragraph 1 of this letter.
