*Proceedings of the Madras Government, Public Works Department,
10th July 1867.*

No. 256. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 1st July 1867, No. 881 :—

1. With reference to G. O. of the 11th June 1867, No. 1,744, I beg to observe, Mr. Hart informs me that there is no Book-keeper attached to the Office of the Dowlaishweram Workshops; under these circumstances it is a matter of no surprise if Mr. Sage with his range duties to attend to finds it quite impossible to post his books with the regularity required by the new system of accounts. A Book-keeper

G. O. 7th October 1864, No. 2,890. is allowed for the Workshops at Chepauk, and I beg therefore to submit, for the favourable consideration of Government, a proposal for a grant of Rupees 60 a month being made at once for a similar appointment at Dowlaishweram.

No. 257. ORDER THEREON, 10th July 1867, No. 2,066.

ESTABLISHMENT, No. 22.

1. The Government do not understand from Mr. Sage's letter of the 22nd May 1867 that the absence of a Book-keeper prevents the successful introduction of the new system of accounts in the Dowlaishweram Workshop. Want of accurate and thorough knowledge of the details of that system and of the mode of applying it to the transactions of the Workshop appears to be the difficulty under which Mr. Sage labours. The Government accordingly request Captain Fischer to take an early opportunity of

proceeding to Dowlaishweram in pursuance of the Orders noted in the margin, and, after auditing and examining the accounts of the Factory for the past official year, to afford Mr. Sage full information on all matters which may not at present be sufficiently understood.

2. It will rest with Mr. Sage to propose hereafter such an increase to the Office Establishment of the Workshop as he may consider absolutely necessary.
