*Proceedings of the Madras Government, Public Works Department,
11th July 1867.*

Read the following letters:—

No. 267. From the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 3rd July 1867, No. 1,667.

1. I beg to bring to the notice of Government that the undermentioned works, sanctioned for execution in orders G. O. No. 3,713, dated 21st November 1866. as per margin, viz.:—

The construction of a dam at Padavadu or Alleabad, across the Secaur river, Rupees 31,700.

Restoration of the Kalasamoodrum tank, Rupees 7,700.

G. O. No. 588, dated 27th Feb. 1867. Restoration of the Thoorinjeekoo-pum tank, Rupees 5,300.

are situated in the North Arcot District in very feverish localities, and the Range Officer, Mr. Bevan, some little time ago applied for the services of a Dresser, and for some medicines.

2. I requested the Zillah Surgeon, Chittoor, to supply the latter, and, on applying to Mr. Bevan to ascertain the number of the coolies employed at the three works, he informs me that there are, on an average, about 1,300 men employed, and he could probably raise the number to 2,000, if the services of a Dresser were available. The Assistant Engineer further states that the Medical Subordinate could encamp at Sundevasal, in a healthy locality, and he within five miles, an easy distance, of the three works. The work-people from the anicut sleep at this village, and at present the bricklayers and stone-cutters, who are brought from long distances, generally leave the works and go home when they begin to suffer from feverish symptoms.

3. The services of a Dresser may, perhaps, be available for the sickly months, and if so, he should be allowed Pony allowance, as is the case in respect to the subordinate employed on the Madras Water Works project.

—

Referred to the Inspector General of the Indian Medical Department, for report as to whether the services of a Dresser can be made available for the duty.

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

5th July 1867.

—

No. 268. From the Inspector General, Indian Medical Department, to the Secretary to Government, Public Works Department, dated Fort Saint George, 8th July 1867, No. 268.

In returning letter from the Superintending Engineer, 4th Division, referred with your docket of the 5th instant, I have the honour to inform you that a Dresser can be temporarily spared to afford medical aid to the working party employed on the construction of anicut in the North Arcot District, and that the Deputy Inspector General will be instructed to appoint one in anticipation of sanction.

*Proceedings of the Madras Government, Public Works Department,
11th July 1867.*

No. 269. ORDER THEREON, 11th July 1867, No. 2,072.

ESTABLISHMENT, No. 24.

His Excellency the Governor in Council sanctions the employment of a Dresser, as a temporary measure, for the purpose of affording medical aid to the working parties engaged on the construction of irrigational works in the Polur Range of the North Arcot District, and authorizes the Controller of Public Works Accounts to pass the horse allowance which is applied for in the concluding paragraph of the Superintending Engineer's letter.

(True Extract.)

From
Lieut^{nt} Colonel J. Peam R.E.
Acting Super Engineer 4th Division

To
Colonel C. A. Orr R.E.
Secretary to Government P.W.D.

Sir

I beg to bring to the notice of Government, that the undermentioned works, sanctioned for execution in orders as per Margin, viz.

G.O. N^o 3713.
dated 21st Nov/66. The construction of a Dam at Padavala
or Alcabad across the Seaur River
Rupees. 31,700.

Restoration of the Kalasamoodrum
Tank Rupees. 7,700.

G.O. N^o 588.
dated 27th Feb/67. Restoration of the Thoorinjekkoopum
Tank Rupees. 5,300.

are situated in the North Arcot District
in very feverish localities, and the Range
Officer, Mr. Peam, some little time ago,
applied

applied for the services of a Dresser, and
for some Medicines.

I requested the Billa Surgeon
Chittoor to supply the latter, and on ap-
plying to Mr. Revan to ascertain the
number of the Coolies employed at the
3 works, he informs me that there are, on
an average, about 1300 men employed,
and he could probably raise the number
to 2000, if the services of a Dresser were
available. The Assistant Engineer further
states that the Medical Subordinate could
encamp at Surdevasal, in a healthy locality,
and be within five miles, an easy distance,
of the three works. The work people from
the Amicut sleep at this village, and at
present the Bricklayers and stone cutters,
who are brought from long distances, gene-
rally leave the works and go home when
they begin to suffer from feverish symptoms.

The services of a Dresser may
perhaps be available for the next month,
and if so, he should be allowed money
allowance, as is the case in respect to the
Subordinate
