Proceedings of the Madras Government, Public Works Department.
13th July 1867.

No. 327. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, datet Madras, 2nd July 1867, No. 1,640:—

1. With reference to G. O. No. 1,492, dated 17th May 1867, I have the honour to submit plan and estimate, amounting to Rupees 720, for making slight alterations and additions to the dry-earth latrine in the Vepery Sepoy Lines, Madras, and to state that I have given orders to Captain Goddard to commence the work agreeably to G. O., paragraph 2 of the 13th May 1867, No. 1,756.

1 Plan.
1 Estimate.
1 Specification.

2. The improvements consist of drainage outside the latrine, the removal of one, and conversion of another old privy into an earth-store, and the substitution of zinc screens for bamboo tatties inside the latrine. As the building will probably be abandoned when the Native Regiment is removed from these lines to the new site, the outlay of Rupees 98 on new screens is hardly necessary.

Vide G. O. No. 1,440, dated 13th May 1867.

3. I have no funds at my disposal to meet this estimate, the allotment of Rupees 2,000 for Minor New Works at the Presidency having been appropriated.

No. 328. ORDER THEREON, 13th July 1867, No. 2,101.

MILITARY WORKS, No. 26.

The Government sanction the estimate of Rupees 720 for carrying out the improvements suggested by the Sanitary Commissioner to the latrine in the Vepery Sepoy Lines. The cost of the work should be adjusted by transfers later in the year.
