MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 2103	Press Mis.
231-32	
Dated 13 7	1867.

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
13th July 1867:*

No. 331. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 3rd July 1867, No. 1,666:—

3 Plans.					
2 Estimates.					
* Flour Mill	Rupees	1,810			
Latrine	"	600			
	Total Rupees	2,410			

1. In obedience to G. O. No. 824, dated 18th March 1867, I have the honour to forward three plans and two estimates, amounting to Rupees 2,410,* for adding on a room to the Government Bakery at Madras for the accommodation of the

new Flour Mill, and for erecting a dry-earth latrine for the use of the male and female servants and coolies employed at the establishment.

2. Agreeably to instructions conveyed in the Order of the 8th March 1867, No. 830, Military Department, embodied in the above Order, the additional Mill-room has been commenced in anticipation of sanction, and the plans have been approved by the Commissary General. In communication with the Deputy Assistant Commissary General, I have strengthened the foundations and walls of the building so as to admit of a second story hereafter being built, which Captain Hawkes thinks may eventually be required.

3. The latrine with urinal was not one of the requirements in the orders noted above, but I have had a plan and estimate prepared for it, as the Commissary General stated that there would be a considerable number of people employed in the Bakery and Mill, and that there was no place whatever at present for them to resort to during working hours. The plan is drawn out on the improved principles for dry-earth conservancy, advocated by the Sanitary Commissioner.

No. 332. ORDER THEREON, 13th July 1867, No. 2,103.

MILITARY WORKS, No. 28.

1. His Excellency the Governor in Council sanctions the estimate of Rupees 2,410 for the addition of a room

to the Government Bakery at Madras for the accommodation of the new Flour Mill, and for the construction of a latrine for the use of the servants attached to that establishment.

2. The outlay on the work will be adjusted hereafter.
