*Proceedings of the Madras Government, Public Works Department,
16th July 1867.*

No. 402. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Bangalore, 9th July 1867, No. 67 :—

1. I have the honour to report the following circumstances for the consideration and orders of Government.

2. On the 21st of May 1867, Mr. Norfor, the Assistant Engineer of the 4th Range, South Arcot, wishing to remit money to Madras to pay for a platform cart, required for the Keenanore anicut, sent a cheque for Rupees 240 in favour of himself to the Chellumberam Treasury, and requested the Tahsildar to send the amount in currency notes. The Peon of the Range Conservancy Establishment, who was sent for the notes, admits having received six, but on his arrival at Porto Novo he could produce only five, the missing note being one for 50 Rupees.

3. Intimation of the loss of the note was immediately given to the Treasury Deputy Collector and to the Police, and notices were published in the local and Fort Saint George Gazettes. The note is supposed to have been dropped somewhere between Chellumberam and Porto Novo, as the Peon did not receive the notes from the Tahsildar in a properly sealed cover.

4. Mr. Norfor has applied for sanction for the amount of the lost note being written off to "profit and loss." He should, however, have adopted the course prescribed in G. O. No. 498 of the 9th February 1866, and in paragraphs 69 and 70 of Section II of the Manual, that is, remitted the amount by a service transfer receipt, obtained from the Treasury Deputy Collector, or had the amount disbursed by one of the Range Officers at the Presidency.

No. 403. ORDER THEREON, 16th July 1867, No. 2,138.

ACCOUNT, No. 24.

**Section II*

Mr. Norfor, having failed to adopt the course prescribed in the orders of the 9th February 1866 and in paragraphs 69 and 70 of the Manual of Public Works Accounts, is clearly liable to the loss of the currency note of 50 Rupees, and he will accordingly be called upon, through the Superintending Engineer, to pay the amount.
