MADRAS RECORD OFFICE.

Government of Madras.

Public works DEPARTMENT.

G.O. No. 2175	Press Mis.
476-77	
Dated 19-7-1967.	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
19th July 1867.*

Read the following papers:—

No. 476. From the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Camp at Tamarapauk, 28th June 1867, No. 1,559 B.

1. I have the honour to forward, for the sanction of Government, in advertence to Order No. 1,407 of the 9th May 1867,
1 Estimate. an estimate with plans amounting to
6 Plans. Rupees 8,720 for thoroughly repairing
and rebenching Saint Andrew's Church at Madras.

2. The estimate has been shown to the Senior Chaplain of the Church of Scotland and Chaplain of Saint Andrew's Church, and approved of by them. It admits of a thorough repair of the walls, semi-terraced roof, and dome of the building, and of the Beadle's quarters. The dome is also to be replastered and painted blue; an item was also allowed for gilt stars, but I struck it out, as I think they will disfigure the building.

3. The estimate is a considerable one, but the Church has long been out of repair, and it would be a pity, I conceive, to allow a fine architectural structure like this to be only half restored, when work is actually undertaken. The largest item, however, is for renewing the seats, as those in use have become worm-eaten so that they cannot be properly repaired, and are of very inconvenient shape.

4. Messrs. Deschamps & Co. have tendered an estimate for this portion of the work, which allows for seats as at the Cathedral, and plainer benching round the aisles of the Church, to accommodate 280 and 112 persons respectively, at a cost of Rupees 5,460. The iron ornamental and teak-wood balustrade with back-ledge is to cost Rupees 600, the hassocks Rupees 294, and stained glass Rupees 630.

5. This firm, though most expensive in its charges, is likely to carry out the work satisfactorily, but if Government object to the cost the wood-work can be done departmentally, or with less ornament on contract, and some of the items noticed above, as well as new iron rails, Rupees 409, round the compound, can be dispensed with.

6. New punkahs have also been applied for, and estimated to cost Rupees 970, but I do not think them necessary.

Referred to the Ecclesiastical Department, with reference to the Orders in that Department of the 1st May 1867, No. 99.

(Signed) CHARLES A. ORR, Colonel, R. E.,
4th July 1867. Secretary to Government.

No. 477. Memorandum from the Chief Secretary to Government in the Ecclesiastical Department.

(Here enter 10th July 1867, No. 194.)

*Proceedings of the Madras Government, Public Works Department,
19th July 1867.*

No. 478.

ORDER THEREON, 19th July 1867, No. 2,175.

CIVIL WORKS, No. 68.

As, in the opinion of Government,
it has not been shown that there is any
necessity for rebenching Saint Andrew's

Church at Madras, His Excellency in Council must withhold his sanction to the large outlay for that purpose which is proposed in the letter above recorded, but he will be prepared to give favourable consideration to any proposals which the Superintending Engineer may submit for carrying out indispensable repairs to that building. Colonel Bean will accordingly furnish an estimate in due course of the probable cost of such repairs, accompanied with information as to whether he can provide funds for the immediate execution of the work.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 4th Division, with six Plans and one Estimate.
.. Ecclesiastical Department.

Exd. S. T. Augustin.

No. 1559.B. Superintendent of Engineer's Office 4th Div.
Camp Tamarapauk 28th June 1867. -

From,

Lieutenant Colonel J. Bean R. E.
Acting Superintending Engineer 4th Div.

To,

Colonel C. A. Orr R. E.
Secretary to Government P. W. D.
Fort Saint George.

Sir,

I have the honor to forward for the
sanction of Government, in adherence to Order
No. 1401 of the 9th May 1867, an Estimate with
plans amounting to Rupees 8,720-0-0 for thoroughly
repairing and rebenching Saint Andrew's Church
at Madras. -

2 The Estimate has been shown to the
Senior Chaplain of the Church of Scotland and
Chaplain of Saint Andrew's Church, and
approved of by them. - It admits of a
thorough repair of the Walls, Semi-terraced
roof, and dome of the Building, and of the Beadles
Quarters - The dome is also to be replastered
and painted blue; an item was also allowed
for gilt stars, but I struck it out, as I think
they will disfigure the building. -

The

3 The Estimate is a considerable one, but the Church has long been out of repair, and it would be ^{very} pily, I conceive, to allow a fine Archi-
-tectural structure like this to be only half
restored, when work is actually undertaken.

The largest item, however, is for renewing the seats, as those in use have become worn eaten, so that they cannot be properly repaired and are of very inconvenient shape.

4 Messrs Deschamps & Co. have tendered an estimate for this portion of the work, which allows for seats, as at the Cathedral, and plain benches round the aisles of the Church, to accommodate 280 and 112 persons respectively, at a cost of Rupees 5460. The iron ornamental and teakwood balustrade with backledge, is to cost Rs 600, the Wainscots Rupees 294, and stained glass Rupees 600.

5 This Firm, though most expensive in its charges, is likely to carry out the work satis-
-factorily, but if Government object to the cost, the woodwork can be done departmentally, or with less ornament on Contract, and some of the items noticed above, as well as new iron rails, Rupees 409, round the Compound can be dispensed with.

6 New PunKahs have also been applied for, and estimated to cost Rupees 970, but I do not think them necessary.

I have the honor to be

Sir
