*Proceedings of the Madras Government, Public Works Department,
22nd July 1867.*

No. 536. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 13th July 1867, No. 1,894 :—

2 Plans.
1 Sketch.
2 Estimates.

* G. O. No. 1,608, dated 21st May 1866.
G. O. No. 1,923, „ 20th June „

1. With reference to the Orders as per margin,* I have the honour to submit, for the sanction of Government, plans with a site sketch and two estimates, amounting to Rupees 5,910 and Rs. 780

respectively, for affording latrine accommodation for the employés in the Offices at Chepauk and for the Students in the Civil Engineering College.

2. The plan of the latrine for the Office servants has been very carefully designed in communication with the Sanitary Commissioner, and it has been revised so as to introduce all the improvements lately suggested by the experience gained in working the dry-earth system. The plan for the other latrine had to be adapted to the circumstances of the site, the building being required to be erected against the wall of one of the out-houses at the back of the Civil Engineering College.

3. The latrine in connection with the Chepauk Offices had to provide, at the request of the Barrack Master, for an average daily attendance at Office of 300 persons, and had to make provision for the different grades and castes of the employés. It allows, accordingly, accommodation for four European Uncovenanted servants, eight Deputy Collectors and servants of the same standing, twelve European and Eurasian Clerks, and twenty-four Native Clerks.

4. The latrine for the European and East Indian Students at the College provides for eight persons.

No. 537. ORDER THEREON, 22nd July 1867, No. 2,204.

CIVIL WORKS, No. 74.

1. The Governor in Council cannot consent to sanction the erection of any new buildings in the position

selected for latrines at Chepauk and indicated in the sketch plan submitted with the foregoing letter, as he is in hopes of being able at no distant date to cause the removal of all the unsightly buildings which now stand between the Revenue Board Office as well as the Civil Engineering College and the beach. Latrines for the use of the employés at Chepauk being, however, necessary, His Excellency in Council will not object to the appropriation for their erection of the site of the building marked No. IX in the Sketch plan.

2. The Superintending Engineer will prepare plans and estimates accordingly.

(True Extract.)

(Signed) J. H. M. SHAW STEWART, Major, R. E.,
Under Secretary to Government.

To the Superintending Engineer, 4th Division,

N^o 1894 Superintending Engineers Office
4th Division Madras
13 July 1867.

From
Lieut. Colonel J. Bean R. E.
Acting Superintending Engineer 4th Div.

To
Colonel C. A. Orr R. E.
Secretary to Government P. W. D.

Sir,

With reference to the orders as
per Margin, I have the honor to submit
for the sanction of Government plans with
a site sketch and two estimates, amounting
to Rupees 5910. and Rupees 780 respectively,
for affording Latrine accommodation for the
employees in the Offices at Chepauk, and
for the Students in the Civil Engineering
College.

2 The plan of the Latrine for the
Office servants has been very carefully de-
signed in communication with the Sanitary
Commissioner, and it has been revised so
as to introduce all the improvements lately
suggested by the experience gained in working
the

enclosures to

the dry earth system. The plan for the other
Latrine had to be adapted to the circumstances
of the site, the building being required to
be erected against the wall of one of the
out houses at the back of the Civil Engineering
College

3 The Latrine in connection with the
Chepauk Office had to provide, at the
request of the Barrack Master, for an average
daily attendance at Office of 300 persons, and
had to make provision for the different grades
and castes of the employes. It allows, ac-
cordingly, accommodation for four European
Unconcoated servants, eight Deputy Collec-
tors and servants of the same standing, twelve
European and Eurasian Clerks, and twenty
four Native Clerks.

The Latrine for the European
and East Indian Students at the College
provides for eight persons.

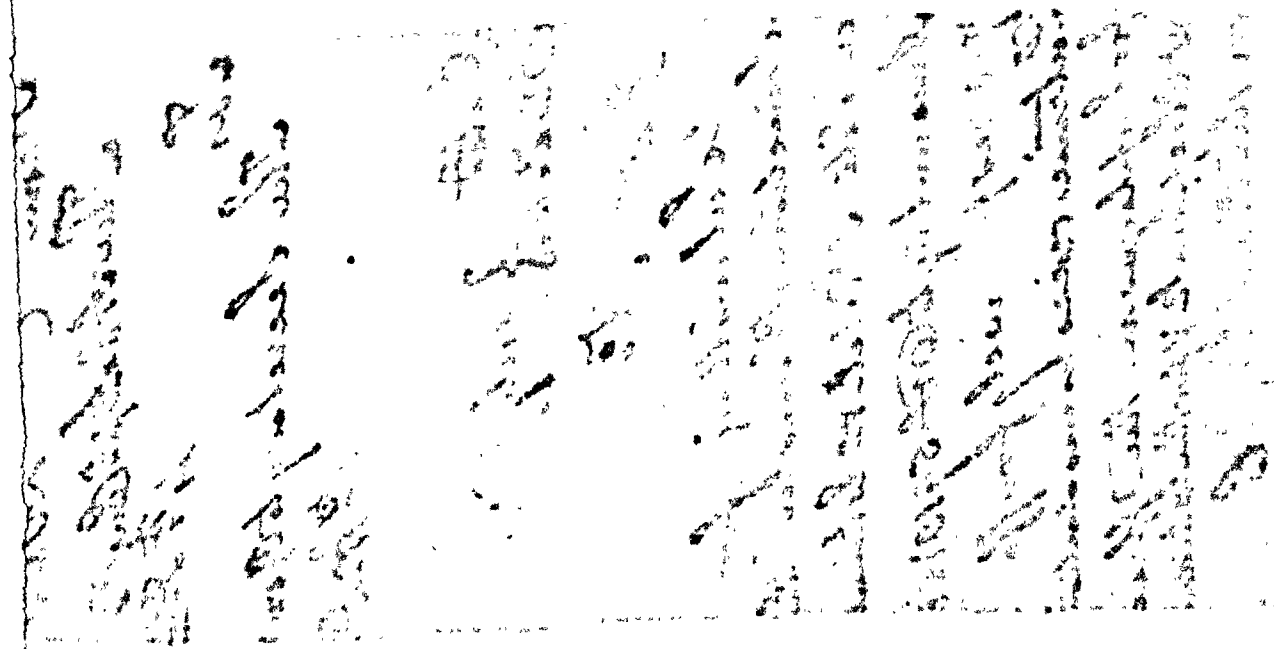

I have the honor to be

Sir

Your most Obedt Servant
