*Proceedings of the Madras Government, Public Works Department,
24th July 1867.*

No. 584. Read the following letter from the Secretary to the Madras Corresponding Committee of the Church Missionary Society, to the Chief Secretary to Government, Fort Saint George, dated Madras, 19th June 1867 :—

1. I have the honour, on behalf of the Corresponding Committee of the Church Missionary Society, to request the re-consideration by Government of a recent Order, which, we understand, has sanctioned the erection of extensive gas works on a piece of land immediately to the east of the Society's Mission premises in Chintadrepetta.

2. I am instructed to explain that, if any such buildings are erected, the Society's premises will not only be deprived of the sea-breeze, which alone, in such a neighbourhood, renders them habitable by an European Missionary, but will further be rendered very obnoxious and unhealthy by reason of the exhalations necessarily attending the manufacture of gas.

3. Such a result would both greatly depreciate the value of the Society's property, and require the removal of the European Missionary to another and less convenient locality. This appeal may, the Committee think, be further strengthened by a reference to the sanitary injury caused to the densely crowded district of Chintadrepetta, generally, by the erection, on such a site, of the proposed Gas Factory.

4. I am, therefore, instructed to request you to be so good as to bring the subject to the notice of Government, with a view to the selection of some other more suitable locality.

Sir,

1. I have the honor on behalf of the Corresponding Committee of the Church Missionary Society to request the reconsideration by Government of a recent order which we understand has sanctioned the erection of extensive Gas Works on a piece of land immediately to the East of the Society's Mission Premises in Chintadrepetta.

3. Such a result would both greatly depreciate the value of the Society's property, and require the removal of the European Missionary to another and
less

less convenient locality. This appeal
may, the Committee think, be further
strengthened by a reference to the
sanitary injury caused to the dense-
ly crowded district of Chintadripatta
generally by the erection, on such a
site, of the proposed Gas Factory.

4. I am therefore instructed
to request you to be so good as to bring
the subject to the notice of Government
with a view to the selection of some other
more suitable locality.

I have the honor, to be,

Sir,

Your most obedt servant.
