No. 74. Read the following Proceedings of the Madras Government in the Political Department :—

Directing that the boundary line proposed by the Officiating Commissioner of Mysore be accepted as the boundary between Mysore and the Malabar District. } (Here enter 20th July 1867, No. 209)

No. 75. ORDER THEREON, 3rd August 1867, No. 2,345.

CIVIL WORKS, No. 15.

1. A copy of the foregoing Proceedings, and of the letter from the Officer in charge of operations in

Wynaad, recorded in G. O. of the 22nd June 1867, No. 1,869, will be forwarded to the Officiating Commissioner of Mysore with reference to his letter of the 14th May 1867, No. 910-3.

2. It is observed that a temporary rough timber bridge has been thrown over the Sooradhullah nullah, and that no outlay has been incurred upon the estimate of Rupees 5,150 for a permanent bridge over that stream, the construction of which will now devolve on the Mysore Government.

3. A temporary bridge has also been built across the Mahwunhulla stream, and the Commissioner of Mysore will be informed that the estimate for a permanent structure amounts to Rupees 6,600. Captain Kennedy does not propose to commence this bridge during the current official year. A moiety of its cost will be recoverable from the Mysore Government.

4. The road connecting the two bridges in question over the Sooradhullah and Mahwunhulla streams, is being completed by the Vythery Range Officer under the authority conveyed in G. O. of the 22nd June 1867, No. 1,869, and the Government await a report from Captain Kennedy on the total amount expended upon this line with a view to its recovery from the Mysore authorities.

Ordered that the following letter be sent :—

SIR,

CIVIL WORKS, No. 16.

G. O., Political Department, No. 209, dated
20th July 1867.
G. O., Public Works Department, No. 1,869,
22nd June 1867.

With reference to your letter of the 14th May 1867, No. 910-3, I am directed to forward herewith the papers marginally noted, from which you will observe that the Madras Government accept the line proposed by you as the boundary between Mysore and the Malabar District. This matter having been decided, I am to invite attention to Captain Kennedy's letter of the 12th June 1867, No. 193, in which he brings to notice that temporary bridges have been thrown across the Sooradhullah and Mahwunhulla streams to accommodate traffic until the erection of permanent structures, which have not as yet been commenced. Adverting to the modification of boundary which has now been assented to, the construction of a permanent bridge over the Sooradhullah will devolve on the Mysore Government, from whom a moiety of the cost of bridging the other stream, estimated at Rupees 6,600, will be recoverable. Captain Kennedy does not propose to commence the Mahwunhulla bridge during the current official year. At the date of that Officer's letter the expenditure on the road connecting the bridges was Rs. 3,346-11-11; and as it was considered advisable to complete the line thoroughly before making it over, Captain Kennedy was authorized to adopt that course, and to report the total outlay on the road with a view to its recovery from the Mysore Government.

I have the honor to be,
Sir,

Your most obedient servant,

No. 58. From the Collector of Malabar, to the Acting Chief Secretary to Government, Fort Saint George ; dated Calicut, 5th July 1867, No. 75.

Adverting to your endorsement, dated the 15th ultimo, on the Proceedings of Government, Public Works Department, dated 31st May 1867, No. 1635, with reference to the boundary between Mysore and Malabar, I have the honor to report that after communicating with Captain Kennedy and Mr. Richardson, Deputy Collector, I consider

* From the north and west to the Rampoor ford the boundary was fixed as recommended by Dr. Cleghorn.

that south from the Rampoor ford, * the Noogoo river should be fixed as the boundary to the junction of the Mahwanhulla therewith ; and that thence the boundary trending south-east and

† Or to the source of a northern affluent rising near the point here indicated. The names of these jungle streams are very indefinite, but my meaning will be unmistakable if reference is made to the rough sketch enclosed.

east should run up the Mahwanhulla† to its source near the name " Kanrakunavay " as marked on the Trigonometrical Survey Map. A short line from the source of the Mahwanhulla would strike the source of another stream

running southerly, and the boundary thence following its course would be plainly defined.

2. The enclosures to your communication are returned.

No. 59. ORDER THEREON, 20th July 1867, No. 209.

In May last a communication was made to the Officiating Commissioner of Mysore on the subject of the frontier boundaries of Mysore and Malabar, near the junction of the Noogoo and Mahwanhulla streams ; and the question of the bridges over the Sooradhulla and Mahwanhulla streams, and the road connecting them was deferred pending the settlement of the boundary line.

2. Mr. Saunders is of opinion that the boundary between the two territories should be determined as following the course of the Noogoo river from the Rampoor ford at the point fixed by Dr. Cleghorn in 1859 to a point where the " Mahwanhulla " joins the Noogoo : thence to the eastward, the line being marked by the course of the stream which takes its source near the Kanrakunavay.

3. The Collector of Malabar, to whom the proposal of the Officiating Commissioner of Mysore was referred, recommends the same boundary line from the Rampoor ford to the source of the stream (by which Mr. Ballard understands the Mahwanhulla) near the Kanrakunavay. The Governor in Council directs accordingly that the boundary line proposed by the Officiating Commissioner of Mysore be accepted as the boundary between Mysore and the Malabar District.
