*Proceedings of the Madras Government, Public Works Department,
5th August 1867.*

No. 123. Read the following letter from the Officiating Commissioner for the Government of the Territories of His Highness the Maharajah of Mysore, to the Secretary to Government, Public Works Department, dated Camp at Yelwall, 23rd July 1867, Nos. 2,312/15:—

1. I have the honor to acknowledge the receipt of your letter, No. 2,131/395 of 15th instant, and with reference to the second paragraph, to state, for the information of the Right Honorable the Governor in Council, that instructions have been issued to the Superintendent of the Nugur Division, with a view to such aid as may be needed being afforded to the Officers of the Madras Irrigation and Canal Company in the survey of the sites for the proposed reservoirs.

2. With reference to the inquiry contained in your first paragraph, however, I regret to state that as the operations of the Revenue Survey Department of this Province have not yet been extended to that part of the division in which the projects are situated, and some time may elapse before the survey is carried in that direction, it will be impracticable for the Irrigation Company's Officers to look to that source for assistance in procuring information as to the details, valuation, &c., of the lands that will be submerged in the event of those projects being carried out.
