Proceedings of the Madras Government, Public Works Department,
7th August 1867.

No. 165. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 29th July 1867, No. 1,197 :—

1. With reference to Circular from the Secretary to the Government of India, Public Works Department, (Account,) No. 58, dated 2nd July 1867, and G. O. No. 2,231, dated 21th July 1867, thereon, calling for a report on the necessity, if any, for a re-appropriation of Budget credits to meet any increase that may become requisite to the grant for establishments in the current year, on account of postage of official packages franked by the privileged officers of the Public Works Department, as well as official postage of the non-privileged officers, (for no provision has been specially made in the Budget Estimate of the current year for this charge,) I have the honor to intimate that from the data in this Office, I do not anticipate any excess over the grant for establishment owing to the debit for official postage.

2. The expenditure on establishments, in comparison with the grants for some three or four years back, has shown a considerable saving, and no re-appropriation appears just now to be necessary.

3. Should, however, during the course of the year, it become necessary to provide funds for any expected excess in establishments, a due report will be made to Government.
