21-7-20	
Dated 9 8	1867 .

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
9th August 1867.*

No. 219. Read the following Proceedings of the Madras Government in the Educational Department :—

Sanctioning, with remarks, the charge proposed
to be incurred for matting some of the rooms,
&c, of the Civil Engineering College at } (Here enter 18th July 1867, No. 225.)
Chepauk.

No. 220. ORDER THEREON, 9th August 1867, No. 2,420.

ESTABLISHMENT, No. 22.

1. As it is understood that the matting which it is now proposed to replace in the Civil Engineering College has been laid down for the last six years, the Governor in Council does not, upon re-consideration, think it necessary to change the present chunam floor for one of asphalt or tiles.

2. An ambiguous expression in the second paragraph of the letter from the Principal of the College led to the impression that the matting in question had been laid down during 1866, whereas it appears that the whole of the building was provided with mats during 1861, and that the renewal of these has been spread over two years.

Under Secretary to Government.

To the Educational Department.

Exd. S. T. Augustin.

Proceedings of the Madras Government, Educational Department,
18th July 1867.

No. 32. Read the following letter from the Director of Public Instruction, to the Acting Chief Secretary to Government, Fort Saint George; dated Madras, 4th July 1867, No. 1298.

I have the honor to submit a letter from the Principal of the Civil Engineering College, No. 276, of the 29th ultimo, and to recommend that Captain Edgcome be permitted to obtain the matting specified in his communication. The cost will be apparently about 116 Rupees for the matting, and 40 or 50 Rupees for the carriage of the matting to Madras.

From the Principal, Civil Engineering College, to the Director of Public Instruction, Madras; dated Chepauk, 29th June, 1867, No. 276.

I have the honor to request sanction for the submission of a bill, amounting to Rupees 115-14-0, for the purchase of new bamboo matting for the floor of some of the College rooms, &c., specified below :—

	Sq. feet.
1 Model room.....	47 × 20 = 940
1 Passage leading to do.	24 × 10 = 240
1 Verandah room adjoining 1st Department ..	45½ × 14 = 637
1 Verandah room occupied by Special Department	84½ × 14½ = 1,204
1 Tamil Class	21 × 14 = 294
1 Drawing Class Room, 2nd Class, 2nd Department.....	88 × 15 = 1,320

Total...4,635

= 46½ square.

2. This matting will have to be procured at Bangalore, where I have ascertained that I cannot now purchase it for less than 2½ Rupees per square of 100 square feet, though the last supply (*vide* G. O., No. 169, dated 4th June 1866) was obtained for Rupees 2½ per square.

3. The cost of Railway carriage is not included in the above estimate, and I cannot provide for it exactly; but it will be about 40 or 50 Rupees, and might be sanctioned after receipt of the matting.

4. The total charge can be readily met from the College Budget provision for Contingencies, and I shall be obliged if early sanction can be given, so that the work may be completed during the remaining month of the College recess.

No. 33. ORDER THEREON, 18th July 1867, No. 225.

This charge is sanctioned; but having in view the frequency of the expenditure incurred, on account of matting for the College, the question whether it will not be more economical to lay down flooring of asphalt or tiles in the rooms of the College will be referred to the Department of Public Works.

(True Extract).
