*Proceedings of the Madras Government, Public Works Department,
15th August 1867.*

No. 375. Read the following letter from the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Bangalore, 1st August 1867, No. 85 :—

2 Statements.
1 Copy of letter from Quarter Master General. 1. I have the honor to forward two statements, one showing the difference between the Budget allotments for the Bangalore Range, and the amounts actually required for expenditure during 1867-68; the other showing the proposed re-distribution of the Budget grants, and request that the sanction of Government may be accorded to the proposed re-distribution.

2. It will be seen from the accompanying letter from the Quarter Master General, that the proposed re-distribution has been approved of by His Excellency the Commander-in-Chief, but the statement now forwarded differs from that referred to in the letter, in that it includes only the works that have been sanctioned by Government.

3. When the original statement was prepared in the Executive Engineer's Office, it was supposed that the works (such as Workshops, Armourer's Shop, &c.), estimates for which have been lately sent in, would be sanctioned by the Madras Government at once, and that it would be necessary to provide funds without delay for their construction. It now appears, however, that these plans and estimates are being forwarded to the Government of India for sanction, which will cause some delay before the works can be put in hand. If the works are sanctioned late in the year, it may not be possible to complete them within the year. The statement therefore includes only the sums necessary for completing works already sanctioned, leaving others to be provided for, as sanction for them is received.

4. No provision is made in the revised statement for the Female Hospital, or for the Bakery, as large amounts are already allotted to these works, and by the time they are expended, there will be better means of judging in what way the additional sums required for them can be provided.

No. 376. ORDER THEREON, 15th August 1867, No. 2,498.

ACCOUNT, No. 46.

1. On the recommendation of the Superintending Engineer of the 5th Division, the Government resolve to sanction the following transfers of funds :—

*Proceedings of the Madras Government, Public Works Department,
15th August 1867.*

District:	Work:	Amount not required.	District.	Work.	Amount granted.
From Bangalore	New Works. Married Quarters for Artillery. Budget Item No. 25	Rs. 3,282	To Bangalore	New Works. One block of Married Quarters with Day-room and Out-offices for Artillery. Budget Item No. 26...	Rs. 3,282
Do	do.	1,418	Do	Do. with Quarters for Collar-maker and Wheeler and Out-offices. Budget Item No. 27	1,418

* Subject to the approval of Government of India.

*Proceedings of the Madras Government, Public Works Department.
15th August 1867.*

2. The Superintending Engineer proposes to supplement the grant for Minor New Works in Bangalore by the transfer of a sum of Rupees 3,187 from the allotment for the "two male pavilions of the Race Course Hospital," but as the amount standing to the credit of that work from the current year's allotment is only Rupees 1,187, as shown in the margin, Colonel Foord will report how he proposes to make up the deficiency, and he will at the same time furnish a copy of the Executive Engineer's letter No. 378, of the 25th June 1867, which is not amongst the papers now before Government.

Transferred

Original allotment	Rs. 43,038
G. O. No. 1,494, dated 17th May 1867...	Rs. 7,613
Do. No. 2,038, dated 8th July 1867	13,000

D.P.W.

Sir,

Enclosures. 3.

2. Statements

1 Copy of letter
from Lieut. Genl.

I have the honor to forward two statements, one showing the difference between the Budget allotments for the Bangalore range, and the amounts actually required for expenditure during 1867/68; the other showing the proposed redistribution of the Budget grants and request that the sanction of Government may be accorded to the proposed redistribution.

2- It will be seen from the accompanying letter from the Quarter Master General that the proposed redistribution has been approved of by His Excellency the Commander-in-Chief, but the statement

now

now forwarded, differs from that referred to
in the letter, in that it includes only the
works that have been sanctioned by
Government.

3. When the original statement
was prepared in the Executive Engineer's
office, it was supposed that the works
(such as Workshops, Armourers shops &c.)
estimated for which have been lately
sent in, would be sanctioned by the
Madras Government at once, and
that it would be necessary to provide
funds without delay for their construction.
It now appears however, that these
plans and estimates are being forwarded
to the Government of India, for sanction,
which will cause some delay before
the works can be put in hand. If
the works are sanctioned late in the
year, it may not be possible to complete
them within the year. The statement
therefore includes only the sums necessary
for completing works already sanctioned,
leaving others to be provided for, as sanction for them is received.

4. No provision is made in the revised
statement for the Female Hospital,
or

or for the Bakery, as large amounts are already
allotted to these works, and by the time
they are expended, there will be better
means of judging in what way the
additional sums required for them
can be provided.

I have the honor to be
Sir,

Your Most Obedient Servant

E A Smith Esq. B.A.,
Superintending Engineer,
5th Division.

Quarter Master General's Office,
Head Quarters Cotacmunda
6th July 1867.

From,

Colonel C. Cooke

Quarter Master General
To, The Superintending Engineer
5th Division
Buddalore.

Sir,

In forwarding the accompanying
letter and Statements from the
Executive Engineer at Bangalore, received
from the Officer Commanding Mysore
Division, I have the honor, by order,
to inform you that as the arrangements
proposed by Lieutenant Pennington
provide for the completion during this
year of several of the works now on
hand, the Commander in Chief considers
that the redistribution of the Funds
granted for Bangalore, as suggested,
is highly desirable. His Excellency
accordingly instructs me to request
that

of Budget grants for
Bangalore.

9th August 1867 Or. 125

Or. 2198-15th August 1867

that you will be good enough to address
Government with a view to the proposed
recallment being sanctioned.—

2. Sir Gaspard Le Marchant thinks that the present system of having so considerable a number of buildings in course of construction at the same time, without any definite period being fixed for the greater portion of them being finished is very unsatisfactory.

I have you
