*Proceedings of the Madras Government, Public Works Department,
16th August 1867.*

Read the following papers:—

No. 403. From the Superintending Engineer, 5th Division, to the Secretary to Government, Department Public Works, dated Bangalore, 30th July 1867, No. 84.

1. With reference to the Order of Government of the 16th of October 1866, No. 3,302, I have the honor to forward an estimate of Rupees 2,110, accompanied by a plan and specification, for improvements proposed to be made to

1 Abstract Estimate.
1 Specification.
1 Plan.

the District Moonsiff's Court-house at Oosoor in the Salem District.

2. The proposed additions are intended to be of brick-in-mud, as the rest of the building is built of those materials, but all the wood-work will be set in brick-in-chunam. The estimate is nearly as large as that for a new Court-house of the standard plan, but it provides for many more things, as wall round the compound, wall round pound and well, Vakeel's room, store-room, &c. The plan and estimate have been countersigned by the Civil Judge of Salem, who, however, disapproves of the cattle pound being retained in the Court-house enclosure if any other available space can be found in the town. This objection will be attended to when the work is being carried out.

Referred to the Judicial Department.

(Signed) J. H. M. SHAW STEWART, Major, R. E.,
Under Secretary to Government.

2nd August 1867.

No. 404. Memorandum from the Chief Secretary to Government in the Judicial Department.

(Here enter 7th August 1867, No. 237.)

No. 405. ORDER THEREON, 16th August 1867, No. 2,512.

CIVIL WORKS, No. 53.

1. In compliance with the Order of the 16th October 1866, No. 3,302, the Superintending Engineer of the 5th

Division submits an estimate amounting to Rupees 2,110 for improving the Moonsiff's Court-house at Oosoor in the Salem District.

2. The accommodation now existing consists of two rooms, one for the Moonsiff, Gomastahs, Suitors, &c., and the other for the records of the Court. There is also a small detached building which is partly used by Vakeels, and partly for the purposes of a Store-room.

3. The Superintending Engineer proposes to enlarge the present record-room and to add another room to the main building, the former to be appropriated to the Gomastahs, &c., and the latter to the Moonsiff, as his private room. This arrangement will set free the long room now occupied by the Moonsiff, Gomastahs, and Suitors, for the transaction of the business of the Court. The further improvements provided for in the estimate under notice consist of the addition of two rooms to the detached building, to answer the purposes of store and record-rooms,

CLW

*Proceedings of the Madras Government, Public Works Department,
16th August 1867.*

and of a verandah at one end of the building for the accommodation of people attending the Court. It is also proposed to enclose the compound, the cattle pound, and the well, with walls, and to provide gates for the pound enclosure and for the Court compound.

4. The Government generally approve of the plan submitted by the Superintending Engineer, but they are of opinion that the position of the record and store-rooms should be reversed, the latter being placed next to the Vakeel's room, and that provision should be made for affording additional light and ventilation to each of these three apartments by means of iron barred windows (well removed from the ground) in the outer wall, and by the addition of a window opening from the side wall of the record-room into the new verandah. The question of the necessity of maintaining cattle pounds in connection with Moonsiffs' Courts is now under the consideration of Government, and pending the issue of final orders on the subject, the execution of the proposed improvements to the cattle shed at Oosoor must be held in abeyance.

5. With these remarks, the estimate will be returned to the Superintending Engineer for revision, and as there are no funds at the disposal of Government, Colonel Foord will report whether he can suggest any means of providing the amount required for the execution of the work by transfer from sanctioned allotments.

(True Extract.)

From the Superintending Engineer

5th Div (For entry 30th July 1867-1868)

Memo: Chief Secretary to Govt

" " Judicial Dept " - " 7th Aug - " 2971

In compliance
with the order of the 16th
October 1866, No 3302, the
Superintending Engineer of
the 5th Division submits
an Estimate amounting
to Rupees 2110 for impro-
ving the Moonsiff's Court
House at Ossoor in the
Salem District

JP
WOL

The accommodation
now existing consists of two
rooms, one for the Moonsiff,
Gomastahs, Suters, &c, and
the other for the records
of the Court. There is also
a small detached building
which is partly used by
Vakeels, and partly for
the

the purposes of a Store room.

The Superintending Engineer proposes to enlarge the present record room and to add another room to the main building, the former to be appropriated to the Gomastahs &c, and the latter to the Moonsiff, as his private room. This arrangement will set free the long room now occupied by the Moonsiff, Gomastahs, and suitors, for the transaction of the business of the Court. The further improvements provided for in the estimate under notice consist of the addition of two rooms to the detached building, to answer the purposes of store and record rooms; and of a verandah at one end of the building for the accommodation of people attending the Court. It is also proposed to enclose the compound
