Proceedings of the Madras Government, Judicial Department,
16th August 1867.

No. 184. Read the following letter from G. A. BALLARD, Esq., Collector of Malabar, to the Acting Chief Secretary to Government, Fort Saint George; dated Calicut, 8th August 1867, No. 89.

In Government Order, dated 2nd instant, No. 1243, on the subject of a Lunatic Asylum at Calicut, it is observed that the plans designed by the Superintending Engineer require upwards of 12 acres. "Ample space," the order goes on to say, "will also be necessary for recreation and exercise." One of the plans sent me with Government Order required 12 acres, the other 3 acres. It would appear it is intended to adopt the former. But I write to ask if more than 12 acres is required, as would, from the present Government Order, seem to be the case.

2. When definitely instructed what space is required, I will lose no time in reporting on the sites available.

No. 185. ORDER THEREON, 16th August 1867, No. 1333.

The plan adopted by Government for the Lunatic Asylum at Calicut is that which will require a space of 12 acres.

2. It will be desirable, if possible, that there should be close to the Lunatic Asylum a further space of about six or seven acres, upon which a certain proportion of the lunatics may be employed, but the extent of this additional land must depend upon the sites available at Calicut, regarding which Mr. Ballard is requested to send an early report.
