No. 596. Read the following Proceedings of the Madras Government in the
Military Department:—

Passing orders on the plan and estimate of Ru-
pees 13,500 for the construction of a slaughter-
house and cattle sheds, &c., at Wellington in } (Here enter 20th August 1867, No. 3,109.)

MILITARY DEPARTMENT.
PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Secretary to Government, P. W. D. ... Here enter 14th June 1867.
From the Quarter Master General..... " 13th July " No. ⁷⁰⁰₄₆₀₇.
From the Acting Commissary General..... " 2nd August " " 3087.

From the Superintending Engineer, 7th Division, Camp Coonoor, 10th June 1867,
No. 55; to the Secretary to Government, Department Public Works.

The accompanying plan and estimate for a slaughter-house and cattle sheds,
&c., at Wellington are submitted for

Enclosures. 2
Plan and estimate No 12, Rs. 13,500. approval, with reference to G. O.,
No. 679 of 7th March, and your remin-

der No. 105 of 14th May. The Cannanore plans, having been approved in the
rough, will be sent in when fairly worked out, and the exact sites determined.

2. I have reduced Major Farewell's original estimate of Rupees 17,730 to
Rupees 13,500, by dispensing with front walls and doors to the cattle sheds, and
substituting rough stone for brick in mud, as the material for the walls of the cattle
yards. And as it is not only unnecessary that the cattle and slaughter yards
should be contiguous, but even objectionable, I think detached sites for the former
may be chosen involving much less levelling than he has contemplated. The huts
can be advantageously placed outside the forage yard without extra cost.

Referred to the Military Department.

(Signed) C. A. ORR, Colonel, R. E.,
Secretary to Government, P. W. D.

14th June 1867.

Referred for the observations of His Excellency the Commander-in Chief,
(Quarter Master General's Department) also to the Commissary General.
18th June 1867.

From the Quarter Master General, Head Quarters, Ootacamund, 13th July 1867,
No. ⁷⁰⁰₄₆₀₇; to the Secretary to Government, Military Department, Fort Saint
George.

In returning the referred correspondence from the Superintending Engineer,
7th Division, I have the honor, by
No. 55, dated 10th June 1867, with plan and estimate. order, to state that the Commander-in-
Chief approves of the plan of cattle

sheds and slaughter-house for Wellington therewith received, and recommends
that they be erected on detached sites.

From the Acting Commissary General, Madras, 2nd August 1867, No. 3087; to the
Secretary to Government, Military Department, Fort Saint George.

I have the honor to return the plan and estimate of the slaughter house pro-
posed to be erected at Wellington, forwarded to me for final report with label dated
18th July 1867.

2. The pens for the cattle appear by the plan to be close to the slaughter house,
this should on no account be the case, as the smell of blood, &c., makes the animals
restless, puts them off their feed and they speedily lose condition.

3. There should be perfectly distinct and separate sheds for the slaughter of
oxen and sheep—in the plan there is but one.

Ordered that the foregoing letters from the Quarter Master General and Commissary General be communicated to the Public Works Department, with an intimation that Government concur in the views expressed as to the necessity of the cattle-sheds and pens being erected on detached sites, as provided for in Proceedings of Government, Public Works Department, No. 2990, dated 18th September 1866.
