657-658
Dated 29-8— 1867

Not to be folded or roughly handled

No. 657. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Madras, 20th August 1867, No. 2,452 :—

1. In their Order No. 259, dated 28th January 1867, the Government sanctioned an estimate, amounting to Rupees 1,300, which had been submitted by Colonel Boileau for enlarging the existing calingulah, and constructing a new one in the bund of the Gazulmundum Madura Oddacassam large tank, in the Chendragherry Range, North Arcot District, and directed the work to be proceeded with on the understanding that the Superintending Engineer would provide the funds later in the official year.

2. The provision of funds, however, was not made, but the work, on the authority of the Superintending Engineer, was commenced by a contractor, who undertook to do it on promise of being paid early in the current official year.

3. On an application being made this year by Mr. Hayes, the Supervisor in charge of the Chendragherry Range, Colonel Boileau sanctioned an allotment of funds for the work from the grant of Rupees 6,500 for Agricultural Minor New Works in the North Arcot District, and the item accordingly appeared in the Appropriation Return for April 1867; but it has been disallowed by the Controller of Public Works Accounts, and I have therefore to request Government to grant authority for the amount being debited to that head, there being no other funds available to the extent of the sum required.

4. Though the amount was beyond the sum which the Superintending Engineer was competent to sanction from the Minor Work grant, Colonel Boileau appears to have considered the authority of Government, quoted in the above Order which directed him to provide the funds, sufficient in this instance, especially as the amount of Reserve was limited, and no other source was open to him.

No. 658. ORDER THEREON, 29th August 1867, No. 2,636.

ACCOUNT, No. 77.

The Proceedings of the Superintending Engineer of the 4th Division, as reported in this letter, are approved.

(True Extract.)
(Signed) **CHARLES A. ORR**, Colonel, R. E.,

No 2452 Superintending Engrs Office 4th Dn
Madras 20th August 1867.

From

Lieutenant Colonel J. Bean R.E.
Acting Superintending Engineer 4th Dn

To

Colonel C. A. Orr R. E.
Secretary to Government P.W.D.

Sir,

In their order No. 259 dated 28th January 1867 the Government sanctioned an estimate amounting to Rupees 1300, which had been submitted by Colonel Boileau, for enlarging the existing Kalingula and constructing a new one in the bund of the Gazulmunduim Madura Oddacadam large Tank, in the Chendragherry Range North Arcot District, and directed the work to be proceeded with on the understanding that the Superintending Engineer would provide the funds later in the Official year.

2. The provision of funds, however, was not made, but the work, on the authority of the Superintending Engineer, was commenced by

by a Contractor, who undertook to do it on promise of being paid early in the current Official year.

3 On an application being made this year by Mr Hayes the Superviser in charge of the Chendraghiry Range, Colonel Boileau sanctioned an allotment of funds for the work from the grant of Rupees 6500 for Agricultural Minor New Works in the North Arcot District and the item accordingly appeared in the appropriation return for April 1867; but it has been disallowed by the Controller of P.W. Accounts, and I have therefore to request Government to grant authority for the Amount being debited to that head, there being no other funds available to the extent of the sum required.

4 Though the amount was beyond the sum which the Superintending Engineer was competent to sanction from the Minor Work grant, Colonel Boileau appears to have considered the authority of Government, quoted in the above Order which directed him to provide the funds, sufficient in this instances, especially as the Amount of Reserve was limited, and no other source

was

was open to him.
