Dated <u>30-8-1867</u>	

Not to be folded or roughly handled

Proceedings of the Madras Government, Public Works Department.

30th August 1867.

No. 694. Read the following letter from the President of the Municipal Commission for the Town of Madras, to the Acting Chief Secretary to Government, Fort Saint George, dated Madras, 16th August 1867, No. 1,295:—

1. In the report of the Sanitary Commissioner for Madras, 1866, a copy of which Dr. Montgomery has been kind enough to furnish me with, at page 211, I see a note, with your initials, on the project for the Water Supply of Madras, in which is said: "The method to be adopted in its distribution is now engaging the attention of the Municipal Commissioners, who have to undertake this branch of the project."

2. It is quite true that it has engaged our serious attention, but we have been awaiting with much anxiety the order of Government on our letter to your address, dated 4th of July 1867, in paragraph 8 of which we request Government to place at our disposal, as far as is compatible with the other work he has on hand, the services of Mr. Fraser.

3. I would beg to request your attention to paragraphs 7 and 8 of that letter, and that you will be good enough to obtain, as early as possible, the orders of the Right Honorable the Governor in Council on them.

4. We are fully alive to this most important measure, so vitally affecting the sanitation and comfort of the inhabitants of Madras, and if, as Captain Magnay hopes, the water will be brought to the Spur Tank by October 1868, there is no time to be lost in scheming out the distribution project and getting materials from England.

Transferred to the Public Works Department, with reference to the application for Mr. Fraser's services.

(Signed) F. BRANDT,
Acting Under Secretary.

FORT ST. GEORGE,
21st August 1867.

No. 695. ORDER THEREON, 30th August 1867, No. 2,655.

ESTABLISHMENT, No. 85.

His Excellency the Governor in Council will be prepared to place the services of Mr. Fraser at the disposal of the Municipal Commissioners on his completing and submitting to Government the plans and estimates for the proposed Junction Canal at Madras which are now engaging his attention.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Municipal Commissioners.
,, Superintending Engineer, 4th Division.

Municipal Commissioners' Office. 30

MADRAS, 16th August, 1867.

From The Resident of the
Municipal Commission

To The Acting Chief Secretary to Government
Fort St. George.

Sir,

In the report of the Sanitary
Commissioner for Madras 1866, a copy
of which I. Montgomery has been kind
enough to furnish me with, at page 211,
I see a note with your initials on the
project for the Water supply of Madras
in which is said: "The method to be
adopted in the distribution is now engaging
the attention of the Municipal Commissioners
who have to undertake this branch of
the project."

It is quite true that it has
engaged our serious attention, but we have
been awaiting with much anxiety the
order of Government on our letter to your
address dated 4th of July 1867 in Para. 8 of
which we request Government to place at
our disposal, as far as is compatible with
the

the other work he has on hand, the services of
Mr. Fraser.

I would beg to request your attention
to paras 7 and 8 of that letter, and that you
will be good enough to obtain as early as
possible the orders of the Right Honourable
the Governor in Council on this.

We are fully alive to this most
important measure ~~is~~ vitally affecting the
Sanitation and Comfort of the inhabitants of
Minnis and if as Captain Magnay hopes the
water will be brought to the Spur Tanks by
October 1868, there is no time to be lost
in scheming out the Distribution Project and
getting materials from England.

Yours truly,

Sir,

Your most obedient servant,

Charles Dawson

W.D.

Resident Municipal Engineer
