No. 719. Read the following letter from the Officiating Superintending Engineer, 8th Division, to the Secretary to Government, Department Public Works, dated Courtallum, 16th August 1867, No. 984 :—

1. On the subject of the expenditure remaining unadjusted in this division, on the details of which I shall write again, I have the honor to report particularly that five years ago the Government

authorized* the prosecution of certain defaulting contractors for the recovery of the balance† of money outstanding

against them in the Madura District, reserving the question, whether the Court expenses shall be borne by the State, until after the result of the suits shall be known.

2. On the above authority suits were filed, and adjustment has been made to the extent of Rupees 1,078-11-2, leaving two sums still to be recovered, viz. :—

	RS.	A.	P.
From Moothoosawmy Pillay, Contractor for Roads	88	1	7
Nos. 4 and 15			
From Appavoo Pillay, Contractor for Madura Zillah School	397	3	9
Total	485	5	4

A sum of Rupees 527-14-1 was recovered from these two contractors, or rather from their sureties, as the contractors themselves were not men of any property; and in July 1865 the Government Vakeel represented that no more money could be collected from the defaulting contractors or their sureties, as the sums already recovered from them were to the full extent of their property. The result of the inquiries then made was that neither the contractors nor their sureties possessed any means of paying; and the matter was left in abeyance, in the hope that the balance might be recovered at a subsequent period should the defaulters come into possession of any property. It seems, however, useless to entertain any such expectation; the Government Vakeel is now of opinion that there is no probability whatever of the recovery of the balance outstanding; and as neither of the Executive Officers named in paragraph 3 of G. O. No. 1,940, of 14th August 1862, are now in the division, I would request the authority of Government to write off to "profit and loss" the undermentioned sums, amounting together to Rupees 702-5-4, there being evidently no other way in which the accounts of the Madura District can be cleared up.

On the subject of the expenditure remain-
ing unadjusted in this Division, on the details
of which I shall write again, I have the
honor to report particularly, that 5 years ago
the Government authorized the prosecution
of certain defaulting Contractors for the
recovery of the balance of money outstanding
against them in the Madeira District;
reserving the question, whether the Court's expenses
shall be borne by the State, until after the
result of the Suits shall be known. —

2 On the above authority, which
were filed, and adjustment has been made;
to the extent of Rupees 1078-11. 2 leaving

2. Sum of Rs. 1000/- recommended from
Madduram Pillay Contractor
for Road No. 4 and 15. Rs. 88-1-7.

Apparao Pillay Contractor for
Madduram Pillay School. Rs. 397-3-9.
Rs. 485-8-4.

A sum of Rs. 527-14-1 was recommended from
these 2 Contractors, or rather from their sureties,
as the Contractors themselves were not men of
any property; and in July 1865, the Government
Vakil represented that no more money could
be collected from the defaulting Contractors or
their sureties, as the sums already recovered
from them, were to the full extent of their
property. The result of the enquiries then
made was, that neither the Contractors nor their
sureties possessed any means of paying; and
the matter was left in abeyance, in the hope
that the balance might be recovered at a subsequent
period, should the defaulters come into possession
of any property. It seems however useless
to entertain any such expectation; the
Government Vakil is now of opinion that
there is no probability whatever of the recovery

of the balance outstanding; and as neither
of the Executive Officers, named in para
3 of G.O. No. 1940 of 15th August 1862
are now in the Division. I would request
the authority of Government to write
off to Profit and Loss, the undermentioned
sums, amounting together to Rs. 702-5-4,
there being evidently no other way in which
the accounts of the Maddur District
can be cleared up. —
