*Proceedings of the Madras Government, Public Works Department,
2nd September 1867.*

No. 3. Read the following letter from the Superintending Engineer, 3rd Division, to the Secretary to Government, Public Works Department, dated Bellary, 20th August 1867, No. 1,511:—

1. I have the honor to submit, for consideration of Government, the accompanying original Docket No. 97, dated 5th instant, received from the Officer in charge of Military Buildings Range, and request that they will sanction a further grant from the unexpended balance of the Commissariat Godown at Ramandroog, which, agreeably to your verbal instructions, I have stopped pending the orders of Government.

2. As you will observe, Mr. Porter states that he can expend Rupees 5,000 extra, and as it would entail great loss and inconvenience to let the stone-cutters, who have come in from long distances, go away, I trust that further funds may be allotted, or that permission may be given to continue the work in anticipation of an allotment of funds later in the year.

N. B.—Since writing the above, I have remembered that there is a saving of Rupees 2,748 from Item No. 5 in the Budget, as the estimate submitted with my letter No. 3,286 of 2nd March 1867, is only for Rupees 7,590.

Docket from the Assistant Engineer in charge of Military Buildings Range, to the Superintending Engineer, 3rd Division, dated Bellary, 5th August 1867, No. 97.

Begs to inquire if there are funds available to make a further grant for the "Barrack Drainage." Of the grant Rupees 3,000, allotted for the current year, Rupees 2,162 have been expended up to this date, the balance that would be available for the remaining eight months of the year is Rupees 838 only; a further sum of Rupees 5,000 will suffice. The reason of this extra requirement is due to the fact that during the last official year it was impossible to get stone-cutters, and it was not expected that the present year would be any better, and so only Rupees 3,000 was asked for; but lately these people have been flocking to the work, and having given out the preparation of the granite slabs on contract, the supply is well kept up; with the funds still left it will not be possible to continue the work beyond this month (August). If the additional grant is not allowed, the stone-cutters will have to leave Bellary, and most probably will obtain employment elsewhere, and when again required will not be found.

No. 4. ORDER THEREON, 2nd September 1867, No. 2,676.

ACCOUNT, No. 1.

1. On the recommendation of the Superintending Engineer of the 3rd Division, His Excellency the Governor

in Council sanctions the following transfer of funds:—

From	To
BELLARY.—Three Apothecaries' quarters for a Cavalry and two Native Infantry Regiments. Budget Item No. 5	BELLARY.—Drainage of the European Infantry Barracks. Budget Item No. 2
RS. 2,748	RS. 2,748

2. Should a further allotment be hereafter required for the "Drainage of the European Infantry Barracks at Bellary," the Superintending Engineer will make the necessary application.

Proceedings of the Madras Government, Public Works Department,
2nd September 1867.

3. As so much progress has been made with the Commissariat ~~at~~ down at Ramandroog, the building should be completed and handed over to the Military authorities as speedily as possible.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer of the 3rd Division.

- .. Accountant General.
- .. Controller of Public Works Accounts
- .. Military Department.

the remaining 8 months of the year is Rs 838 only -
a further sum of Rs 5000 will suffice - The
reason of this extra requirement is due to the fact
that during the last official year it was impossible
to get stone cutters and it was not expected that the
present year would be any better and so only
Rs 3000 was asked for; but lately these people have
been flocking to the work and having given out
the preparation of the granite slabs on which the
supply is well kept up - with the funds still
left it will not be possible to continue the work
beyond this month (August) - if the additional
grant is not allowed the stone cutters will have
to leave Bellary and most probably will obtain
employment elsewhere & when again required
will not be found.
