*Proceedings of the Madras Government, Public Works Department,
3rd September 1867.*

No. 55. Read the following letter from the Officiating Commissioner of Mysore, to the Secretary to Government, Public Works Department, dated Bangalore, 22nd August 1867, No. 2,920-19:—

In continuation of my letter No. 2,312-15, of the 23rd ultimo, I have the honor to forward, for the information of His Excellency the Right Honorable the Governor in Council, copy of the correspondence marginally noted, which has taken place between this Office and the Survey and Settlement Commissioner, Mysore, on the subject of placing the records and statistical data of the Revenue Survey at the disposal of the Officers of the Madras Irrigation Company, who are engaged in planning and estimating for the reservoirs proposed to be constructed by that Company at Lakhowulli, Bagoli, and Mudduck Masoor.

From the Officiating Secretary to the Commissioner of Mysore, to the Survey and Settlement Commissioner, Mysore, dated Camp at Yelwall, 25th July 1867, No. 2,342-274.

I have the honor, by desire of the Officiating Commissioner, to forward for your information the accompanying copy of correspondence marginally noted, and with reference thereto, to enquire at what period it may be anticipated that the operations of the Revenue Survey will reach the reservoir sites referred to, which are situated in the Shicarpoor, Lakhowulli, and Cowlidroog Talooks of the Nugur Division.

From the Survey and Settlement Commissioner, to the Secretary to the Commissioner of Mysore, dated Poona, 12th August 1867, No. 494.

With reference to your letter, General No. 2,342 of the 25th ultimo, I have the honor to inform you that some years must elapse before the operations of the Survey extend to the vicinity of any of the tank sites referred to. The Mudduck Masoor tank the Survey operations will probably approach first, but I do not think even in the case of that tank for upwards of two years.

No. 56. ORDER THEREON, 3rd September 1867, No. 2,702.

IRRIGATION, No. 1.

Ordered that the foregoing letter from the Commissioner of Mysore, together with its enclosures, be communicated to the Consulting Engineer for the Madras Irrigation and Canal Company, in continuation of the Order of the 5th August 1867, No. 2,370.

(True Extract.)
