1. With reference to G. O., 21st August 1867, No. 2,564, I have the honor to observe as to the unadjusted balances of the Nellore District, and with regard to the first item of Rupees 1,560-1-4, that a bill was submitted by the Superintending Engineer of the 2nd Division, but it was returned on the following grounds :—

By No. 1,004, dated 9th July 1867.

2. By G. O. dated 7th February 1861, No. 251, the estimate for raising Vaguroo channel was sanctioned for Rupees 1,460. The bill for work executed amounted to Rupees 1,560-1-4, showing an excess over sanction of Rupees 100-1-4 ; an explanation was called for, with a view of moving Government to order the excess to be passed, as it exceeds five per cent. on estimate.

3. The Superintending Engineer in reply states that, " no information is now " obtainable about the increase in the " sanctioned amount for the raising the " Vaguroo channel head sluice, and

No. 31, dated 9th August 1867.

" that beyond the excess expenditure shown on face of bills, I cannot give any " account of wherein the estimate was deficient. The bill is long standing, and " the memory of the special circumstances of the head sluice in question has died " away, amongst all concerned."

4. Under these circumstances, I have to request the authority of Government to pass the entire bill for Rupees 1,560-1-4.
