G.O. No. 2802	Press

Dated 11 — 9 — 1867.	

Not to be folded or roughly handled

No- 254. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Camp at Dowlaishweram, 29th August 1867:—

1. With reference to G. O. of the 10th July last, No. 2,066, I have the honor to report that if the new system of accounts are to be introduced in this Workshop, it is absolutely necessary to add a Book-keeper to its establishment, who will be paid in the same manner as the other portion of the office.

2. Mr. Sage has very heavy Range duties to perform besides the preparation of plans, estimates, and reports, in addition to the superintendence of the Workshops, and however willing he may be to do every thing in his power to carry out the orders of Government, it is quite impossible for him to give the time and attention required to post up the accounts by the new system with the regularity it requires; at present, the Journals and Workshop's Ledger are in the rough only, but I have made all the corrections they required; there is, however, no one on the establishment of the office who is able to keep them up, and Mr. Sage certainly cannot be expected to do this work, when he is so frequently obliged to be absent in his Range, and in the event of his falling sick and going away there would be no one here to carry on the transactions at all.

3. Mr. Sage did not apply for a Book-keeper, because he hoped he might be allowed to keep up the old system of accounts, which his people understood; but I have explained to him this cannot now be permitted; it is, therefore, running an unnecessary risk not to allow him the same assistance which is accorded to every office where similar accounts are kept.

No. 255. ORDER THEREON, 11th September 1867, No. 2,802.

ESTABLISHMENT, No. 34.

Under the further explanation now submitted by the Controller, His Excellency the Governor in Council sanctions the entertainment of a Book-keeper, on a salary of Rupees 60 per mensem, for the Workshop at Dowlaishweram, and directs that the charge be debited to the receipts of the Factory, which is a self-supporting institution.
