MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers:—

From the Secretary to Govt., Public Works Dept... Here enter 26th August 1867.
From the Quarter Master General „ 26th „ „ No. ¹⁰¹⁵₅₄₈₁.
From the Superintending Engineer, 3rd Division, Bellary, 20th August 1867, No. 1517; to the Secretary to Government, in the Public Works Department, Fort Saint George.

With reference to G. O. No. 1601 of 28th May 1867, I have the honor to submit an estimate of the cost of improving three of the Staff Serjeants' Quarters at Bellary, amounting to Rupees 4,115.

2. I trust that Government will re-consider the decision come to in the Military Department, as the change made to half the number of quarters will make the building look very lopsided. The other three quarters will admit of very poor accommodation for the present occupants and be much less than what they are entitled to by the rules. Besides this, it would be impossible to pull down the present cook-room and privy which are an eyesore and nuisance.

3. The Major General Commanding the Division agrees with me on this point, and has, I learn, written on the subject to His Excellency the Commander-in-Chief, and never intended by his letter, which is attached to the G. O. in question, to imply that he only wanted three of the Quarters to be altered and improved.

Referred to the Military Department, with reference to the Orders in that Department of the 21st May last, No. 1876.

(Signed) C. A. ORR, Colonel R. E.,
Secretary to Government, P. W. D.

26th August 1867.

Referred to the Commander-in-Chief, (Quarter Master General's Department.)
29th August 1867.

From the Quarter Master General, Head Quarters, Ootacamund, 26th August 1867, No. ¹⁰¹⁵₅₄₈₁; to the Secretary to Government, Military Department, Fort Saint George.

Referring to the decision of Government, dated 21st May 1867, No. 1876, I have the honor, by order of the Commander-in-Chief, to bring to the notice of

* At Bellary.

Government, that the Officer Commanding the Ceded Districts has again urged that all the six Staff Serjeants' quarters,*

instead of three only, should be altered and improved as before suggested.

2. Major General McLeod represents that these Non-Commissioned Officers experience much discomfort from the heat of the quarters, the want of space and proper ventilation: and the very objectionable position of the out-houses has already been pointed out. The Major General further observes that when the Staff Serjeants of Native Corps have been absorbed, the quarters will probably be of use for the public use: and if they should not be, parties in the service will doubtless be very ready to rent them, if the proposed improvements are carried out.

3. His Excellency directs me to recommend Major General McLeod's suggestion to the favorable consideration of Government.
