the honor to submit for sanction a plan, specification and estimate amounting to Rupees 9,450, for constructing a slaugh-

ter-house and yard at the Presidency, which have been prepared in communication with the Commissary General, and duly approved of by that Officer.

2. I am not aware what site has been fixed upon for these buildings, as I understand that the original intention of erecting them near the Cenotaph has been abandoned.

15th August 1867.

ORDER, No. 3469, 14th September 1867.

The Plan and Estimate are approved.

3. With regard to the selection of a site for the slaughter-house, the Governor in Council considers that in order to avoid all prejudice and inconvenience to

the public, great care should be

The Mount and Fort Saint George.

taken in fixing on a spot for the pur-

pose, at the same time the convenience of the troops at Madras and the Mount cannot be lost sight of, and in their interest it would be desirable, if possible, to select a position not far from the Mount road and equidistant from either garrison. It has been suggested that ground may be available for this purpose in a portion of

the Roshum Bagh,* where the slaughter-

house without being offensive or injuri-

ous in any way could be erected. His Lordship in Council accordingly resolves to appoint the Sanitary Commissioner, the President of the Municipal Board, the President of the Model Farm Committee, and Colonel Bean, Royal Engineers, to form a Committee to examine the area of the Model Farm, and submit a report in communication with the Commissary General to Government, on the practicability of selecting a site on the ground referred to.
