MADRAS RECORD OFFICE.

Government of Madras.

Revenue DEPARTMENT.

G.O. No. 2357 Press Mark

2684

Dated 23 1948.

Not to be folded or roughly handled

No. 568. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 13th September 1867, No. 2,327 :—

1 Statement. 1. In submitting the statement of lands held by members of the Public Works Department for the official year 1866-67, I have the honor to solicit the notice of Government to the following observations with reference thereto.

2. The statement was first called for by G. O. No. 70, dated 13th January 1863, Public Works Department. In that Order the Government merely communicated to the Chief Engineer the rules for registering lands, contained in the Revenue Board's Circular, No. 6,843, dated 13th October 1862, and the Order of Government, in the Revenue Department, No. 2,601, dated 13th December 1862, declaring that these rules are applicable to the employés of every department under Government. I therefore presume that the same rules regarding the registering of lands are applicable to this department as to the Revenue and other departments. In fact the Government have, in their orders in the Public Works Department above referred to, requested that the rules should be strictly observed.

Rule IX. 3. By a reference to the Rules it will be observed, that *Collectors* have to keep a Register in *their* Office of all lands held by members of their departments: and further that they were to state in their annual Reports the number of public servants who have acquired land *during the Fusly*, the extent so acquired, and any other important particulars that may seem necessary.

4. In paragraph 5 of the Circular, *Collectors* are also requested "to transmit "for the Board's information any returns of *alterations* which may from time to "time take place in the property of Deputy Collectors."

5. From paragraphs 2 and 3 of the Circular, it will be observed that all public servants in the Revenue and Magisterial Establishments were to fill up a return in the amended form, and that Collectors are required to prepare their District Registers from these returns. Public servants are also required *annually to supply the Collector with information of any alterations, or additions, or acquisitions, &c., which may have taken place during the past year* in the landed property belonging to, or obtained by them.

6. The whole tenor of the rules shows that a Register of lands held by public servants was required to be kept by Collectors, and that annually any alterations or additions, &c., in the landed property was to be reported to them by the owners.

7. For the past two or three years, however, this Office, by some misunderstanding of the rules, has submitted annually a complete register of the lands held by public servants, the same particulars being repeated year after year, instead of a register showing only the alterations, &c., that have taken place during the year in such landed property.

8. If the Government be of opinion that for the future a register showing only the alterations, &c., which have taken place during the year will suffice, this Office will issue the necessary instructions to Superintending Engineers, so that the returns they compile for transmission to this Office may afford only such information.

Proceedings of the Madras Government, Public Works Department.
23rd September 1867.

9. I may urge that the adoption of this plan will lessen the compiling and copying work not only in the Offices of Superintending Engineers, but also in the Range Offices. Besides, it is, I submit, more in accordance with the rules.

No. 569. ORDER THEREON, 23rd September 1867, No. 2,957.

ESTABLISHMENT, No. 64.

1. Ordered that the Statement received with this letter be recorded.

2. It will be sufficient if the Government are hereafter furnished with annual Registers of alterations, &c., which have taken place since date of last return.

(True Extract.)

Major, R. E.,
Under Secretary to Government.

To the Controller of Public Works Accounts.
,, Superintending Engineers.
To Captain Kennedy.

Ed. S. T. Augustin.

f°. 2327. Office of the Controller of Pub. Accounts.
Madras, 17th September 1867.

From,
The Controller of Public Works Accounts.
To,
The Secretary to Government P. W. D.
Fort St. George.

Sir,

In submitting the Statement of Leaves taken by members of the Public Works Department for the official year 1866/67, I have the honor to solicit the orders of Government on the following observations, with reference thereto:—

2. The Statement was first called for by G. O. No. 70 dated 13th January 1863 Pub. Department. In that order the Government were pleased to communicate to the Chief Engineer, the rules for registering Leaves, contained in the Revenue Board's Circular No. 6843 dated 13th October 1862, and the order of Government in the Revenue Department No. 2601 dated 13th December 1862, declaring that those rules are applicable to the employees of every Department under Government. Therefore, presumed that the same rules regarding the registering of Leaves are applicable to this Department as to the Revenue and other Departments. In fact the Government have in their orders in the Pub. Department above referred to, requested that the rules should be strictly observed.

3. By reference to the rules,

i/

it will be observed, that Collectors have to keep on Register in their Office of all Lands held by members of their Departments: and further, that they were to state in their annual Reports the number of public servants who have acquired land during the year, the extent so acquired, and any other particulars that may seem necessary.

4. In pursuance of the Circular, Collectors were also requested to transmit for the Board's information any returns of alterations which may from time to time take place in the property of Deputy Collectors.

5. From paras: 2 and 3 of the Circular, it will be observed, that all public servants in the Revenue and Magisterial Establishments were to fill up returns in the annexed forms, and that Collectors are required to prepare their District Registers from these returns. Public servants are also required annually to supply the Collector with information of any alterations, or additions, or acquisitions, which may have taken place during the past year in the Landed property belonging to, or obtained by them.

6. The whole time of the rules about a Register of Lands held by public servants was required to be kept by Collectors, and that annually any alterations, or additions &c., in the Landed Property was to be reported to them by the owners.

7. For the past 2 or 3 years, however, this Office by some misunderstanding of the rules, have submitted annually a complete register of the Lands held by public servants

Page IX

servants, the same particulars being reported year after year, instead of a register showing only the alterations &c. that had taken place during the year in such Landed property.

8. If the Government be of opinion that for the future a register showing only the alterations &c. which have taken place during the year will suffice, this Office will receive the necessary instructions to Superintending Engineers so that the returns they compile for transmission to this Office, may afford only such information.

9. I may hope that the adoption of this plan will lessen the compiling and copying work, not only in the Offices of Superintending Engineers, but also in the Comptroller's Offices. Besides, it is, I submit, more in accordance with the rules.—

I have the honor to be
Sir,
Your most obed't. Servant.

Captain R.E.

Controller of Public Works Accounts.

Noted: Jeeo

To Rec'd 18th Sept 1867
