MILITARY DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following letter:—

From the Acting Commissary General, Madras, 5th September 1867, No. 3941 to the Secretary to Government, Military Department Fort Saint George.

Adverting to the Order of Government, No. 1959, dated 2nd July 1867, sanctioning an estimate for strengthening the floor of the soojee room of the Bakery at Madras, I have the honor to bring to the notice of Government, that experience has shown that the wheat stored in close proximity to the ovens generates weevils very fast, and these mixing with the soojee and flour renders the labor of separating them troublesome and expensive, causing also extra wastage; I would therefore recommend that the soojee-room floor be left as it is, and in lieu of it that the bullock shed now no longer required be enclosed and floored with asphalte, as a protection against vermin and white ants, and this would enable this Department to lay in a larger quantity of wheat.

No. 2771.

Forwarded to the Secretary to Government Public Works Department. It will cost about Rupees 3,000 to put a roof over the portion of bullock shed between the stalls and to asphalte the whole enclosure. The asphalting alone will cost 480 Rupees.
