Proceedings of the Madras Government, Public Works Department, 4th October 1867.

No. 56. Read the following letter from the Consulting Engineer for Irrigation and Canal Company, to the Secretary to Government, Department Public Works, dated Madras, 25th September 1867, No. 82 :—

1. I have the honor to submit, for the consideration of Government, a letter No. 268 of the 21st instant, from the Agent and Manager, Madras Irrigation and Canal Company, reporting the result of the stock-taking in January last in the Nellore Division. The examination was made under the Agent's orders, the stores not being of sufficient extent to render it necessary that a Government Officer should be nominated for the duty.

2. The result of the stock-taking is satisfactory. The total deficiency and surplus were, as first ascertained, Rupees 683-3-1 and Rupees 186-6-8 respectively, and further enquiry has, by showing how the items mentioned in the letter can be regularly adjusted, reduced these amounts to Rupees 51-0-6 and Rupees 112-5-3, which sums the Agent asks for authority to adjust arbitrarily, and I beg to recommend that this arrangement be allowed.

No. 57. ORDER THEREON, 4th October 1867, No. 3,074.
