MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 3089 Press
Mis.
87-88
Dated 5. 10. 1887.

Not to be folded or roughly handled.

Proceedings of the Madras Government, Public Works Department,
5th October 1867.

No. 87. Read the following letter from the Superintending Engineer, 2nd Division, to the Secretary to Government, Department Public Works, dated Masulipatam, 20th September 1867, No. 91 :—

1 Plan.
1 Detailed Estimate.
1 Abstract do., Rupees 1,350.
1 Specification Report.

1. I have the honor to forward plans and estimates, as per margin, for a bridge to be built across the branch channel at Pamurru, which connects the Masulipatam canal with the Poolairoo, in lieu of that at present existing.

2. The bridge for which this is to be substituted is only of 12 feet span, and so low that boats can only pass when heavily laden. As the Pamurru lock is 16 feet broad, I propose that the bridge shall be of the same span, and of a height sufficient to permit unladen boats to pass with their masts lowered.

3. As the bridge is emergently needed to pass the lime and stone-boats required for the delta works, I would solicit that the sum required be added to the grant* for enlarging the channels in the Masulipatam section of the Kistna delta, and that the work be executed during the current year, the cost being defrayed from this year's allotment.

* Item 134 of the Budget of 1866-67.

No. 88. ORDER THEREON, 5th October 1867, No. 3,089.

IRRIGATION, No. 6.

The Government sanction the estimate submitted with this letter, amounting to Rupees 1,350, for a bridge across the channel which connects the Masulipatam canal with the Poolairoo near Pamurru, and they approve of the work being undertaken from the current year's allotment* for the enlargement of the channels in the Masulipatam section of the Kistna Delta, the estimate for which will now stand at Rupees 1,77,000.

* Item No. 134, Rupees 40,000.

(True Extract.)

(Signed) CHARLES A. ORR, Colonel, R. E.,
Secretary to Government.

To the Superintending Engineer, 2nd Division, with one Specification.

Masulipatam
20th September 1867.

From Lieut Colonel G. T. Hinscom R.E.
Superintending Engineer 2nd Dn

To Colonel C. A. Orr R.E.
Secretary to Government
M.P.W.

Sir

I have the honor to forward
1 Plan
1 detailed Estimate
1 Abstr. of Rs 1350
1 Specification respecting
Plans and Estimates as per margin
for a Bridge to be built across the
branch Channel at Pammuru which
Connects the Masulipatam Canal with
the Poollairoo, in lieu of that at
present existing.

2 The Bridge for which this is
to be substituted is only of 12' span,
and so low that boats can only pass
when heavily laden - as the Pammuru
lock is 16' broad I propose that
the Bridge shall be of the same span,
and of a height sufficient to permit
unladen boats to pass with their
masts lowered.

3

3 As the Bridge is Emergently needed to pass the line and stone boats required for the Delta works I would solicit that the sum required be added to the grant for the Enlarging the Channels in the Masulipatam Section of the Kistna Delta and that the work be executed during the current year - the cost being defrayed from this years allotment.

Item 13th of the Budget of 1866.67
