G.O. No. 3153	Press
215-216	Mis.
Dated 12-10-1867	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Public Works Department,
12th October 1867.*

No. 215. Read the following letter from the Acting Superintending Engineer, 4th Division, to the Secretary to Government, Public Works Department, dated Camp at Ramanjary, 1st October 1867, No. 3,141 :—

1. I have the honor to submit, for the sanction of Government, an estimate, amounting to Rupees 21,000, for reforming, metalling, and surface-gravelling a portion of the Northern Trunk Road No. 6, from the Cortelliar river, north bank, to the 32nd mile stone, and as the work is much required, I have entered the estimate in my Budget of 1868-69, in the hope that Government will be pleased to sanction the same.

2. The estimate allows for metalling sixteen miles of road, on an average of Rupees 1,312 per mile, for a depth, including gravel, of four and a half inches, and breadth of five yards, the present metal on the line having worn away to an average of one inch in thickness.

3. This road is of importance, as it is the highway to Nellore, and the traffic in carts, the Range Officer informs me, amounts to 500 per diem. The present annual maintenance for the twenty-seven miles of road in the Range is Rupees 10,000, but this sum will not admit of the portion of the road above referred to being put in thorough repair.

4. This line of communication is the portion of the main trunk road to Calcutta in my division, which the Government* of India lately requested might be reported on, with a view of improving it for rapid wheel traffic.

* G. O. No. 1,790, dated 14th June 1867.

No. 216. ORDER THEREON, 12th October 1867, No. 3,153.

CIVIL WORKS, No. 19.

The attention of the Superintending Engineer of the 4th Division will be called to the Order of the 12th instant, No. 3,152.

(True Extract.)

Sir,

enclosure
estimate

I have the honor to submit for the sanction of Government an estimate, amounting to Rupees 2,100, for reforming metalling and surface gravelling a portion of the Northern Trunk Road No. 6 from the Cortellier River north bank to the 32 Mile Stone, and as the work is much required, I have entered the estimate in my Budget of 1868/69 in the hope that Government will be pleased to sanction the same.

2 The estimate allows for metalling 16 Miles of road on an average of Rupees 1312 per Mile, for a depth including gravel of 4 1/2 inches and breadth of 5 yards, the present metal on the line having worn away to an average of one inch in thickness.

3 This road is of importance as it is the highway to Nellore, and the traffic in

in Carlo, the Range Officer informs me, amounts to 500 per diem. - The present annual maintenance for the 27 Miles of road in the Range is Rspees 10,000, but this sum will not admit of the portion of the road above referred to being put in thorough repair.

4. This line of communication is the portion of the main trunk road to Calcutta in my Division, which the Government of India lately requested might be reported on with a view of improving it for rapid wheel traffic.
